

# GRL TAKES STAND IN FRANKS CASE

## Federation Of Labor Refuses Davis' Plea To Delay Judgment

**Correspondence Shows Democrats' Choice Sought Conclave with Gompers**

**LABOR CHIEF IMPARTIAL**

**Executive Council Deems Itself Competent to Deal with Situation**

By Associated Press  
Atlantic City, N. J.—Members of the executive council of the American Federation of Labor predicted Thursday a nation-wide interest in the publication Wednesday night of correspondence which showed that John W. Davis, Democratic presidential nominee, recently had sought a conference with Samuel Gompers, and explained why the council refused to defer endorsement of the LaFollette-Wheeler candidacy until Mr. Davis' acceptance address.

The correspondence passed between Samuel Gompers, president of the American Federation of Labor, and William E. Wilson, former secretary of labor and of the United Mine Workers of America and present member of the staff of the Democratic national committee.

It consisted of a telegram directed by Mr. Wilson to Mr. Gompers here on Aug. 1, asking that he have the executive council defer endorsing LaFollette; of a letter from Mr. Wilson received after the endorsement was announced, and of a letter Mr. Gompers dispatched Thursday in behalf of the executive council, explaining to Mr. Wilson why the endorsement was made when and as it was, and referring to the post-convention correspondence between Mr. Davis and Mr. Gompers.

**DAVIS ASKED STATEMENT**  
The correspondence set forth that Mr. Davis had last July 17 begun negotiating with Mr. Gompers for a conference and that conflicting engagements kept them apart until Mr. Davis suggested that Mr. Gompers give him "a statement of questions in which labor is chiefly interested."

It set forth that Mr. Gompers, professing a willingness to confer with Mr. Davis, declined this last request, saying: "I cannot submit questions to you which would not be equally submitted to other candidates for the presidency."

The correspondence set forth further that Mr. Wilson had asked Mr. Gompers first to defer action of the American Federation of Labor, executive council on the proposed endorsement of LaFollette, and second to adjourn its annual session here, send representatives to Clarkburg, W. Va., for the Davis acceptance address, and reconvene at Clarkburg for consideration of the endorsement matter.

The correspondence revealed that Mr. Gompers had replied in part: "The executive council deemed it self fully competent to deal with the problem entrusted into its keeping for consideration and action."

"We are fully informed as to all who rendered valuable services in connection with the Clayton law. At an opportune time these records and facts will be fully set forth, in none of which does Mr. John Davis appear."

"Regarding your statement that it was the supreme court decision upholding the Adamson law which prevented a strike on the railroads of the country and giving Mr. Davis credit to having won the decision, let me recount facts which are in direct conflict with your statement. It was the machinery of the labor movement and not Mr. Davis and the supreme court which prevented the threatened strike."

"We are sure that you did not fully comprehend the nature of your request or the impossibility of our compliance."

**BARABOO POLICE HOLD PAIR AS CAR BANDITS**

By Associated Press  
Baraboo—Two young men, giving their names as George Carlson and Clarence Assen of Decorah, Ia., are being held here for Madison police in connection with a series of garage robberies, Sheriff W. H. Ode stated Thursday. Madison police will take the youths into custody, it was said.

**BANDITS CUT WIRES AND ROB BANK OF LARGE SUM**

Sauk Center, Minn.—Cutting all wire communication, six bandits broke the vault in the Villard State bank at Villard, 17 miles northwest of here, and escaped with \$9,000 in cash and securities early Thursday, bank officials announced.

## NEW PLANE IS SENT TO MEET WRECKED AGE

**Exploring Party Finds Safe Landing Place for Planes in Iceland**

Newport News, Va.—Lieutenants George C. McDonald and V. E. Bertrandnas hopped off from Langley field at 11:28 Thursday morning for Pictou, Nova Scotia, in the Douglas's cruising plane in which Lieutenant Wadsworth will resume his around the world flight.

The start was made after a postponement from 8 o'clock Thursday morning had been found necessary on account of trouble with the oil pump in the machine which had been christened the "Boston II."

Washington, D. C.—A safe landing place for the world fliers on their next hop has been found by the army advance party on the east coast of Greenland at Ekalutit, the Army Air Service was informed today.

The proposed base is about 750 miles from Reykjavik in Iceland, where the two fliers have been awaiting word of the success of the exploring party. It is expected that an early resumption of the attempt to "tie in" the 26,000 mile air line around the world will now be made.

A message relayed by the cruiser Milwaukee which for the past 48 hours has been cruising along the coast adding the army advance said that a safe harbor was available at Kungnat in the same vicinity, for the supply ship and for hauling out the planes if ordinary repair was necessary.

## BOB GETS SET FOR ACTIVE CAMPAIGN

**Senator LaFollette Remains in Seclusion to Prepare His Plans**

Washington, D. C.—Priming himself for strenuous days of campaigning ahead, Senator LaFollette, independent candidate for president, remains practically in seclusion here. He is delivering no speeches, although he is preparing some for use later in the campaign. He is leaving the management of his campaign, particularly the details, to others, and has only a limited number of conferences with friends and political advisers.

Most of the day the senator for Wisconsin remains tucked away in an out of the way office separate from his suite in the senate office building, where his son, Robert LaFollette, Jr., campaign director here and a force of aides do their work.

Senator LaFollette tells inquirers that he is in excellent physical condition, having entirely recovered from his illness of the winter and spring, and will be in shape to conduct an aggressive campaign once it gets under way. His friends are urging him to take it easy until there is really need for him to be up and stirring.

## WALTON TAKES LEAD IN OKLAHOMA RACE

Oklahoma City, Okla.—Slowly piling up a lead over Congressman E. B. Howard whom he passed late Wednesday, J. C. Walton, depose governor, appeared early Thursday to have been nominated by Oklahoma Democrats for United States Senator to succeed Robert L. Owens.

Returns compiled by the Associated Press late Wednesday night from Tuesday's primary, showed Walton to be leading Howard by 4,984 votes, with but 729 of the 2,598 precincts in the state yet to be heard from. Political observers do not believe returns from the unreported precincts will materially alter the present standing unless it be to strengthen Walton's lead. C. J. Wrightman, another candidate in the race Wednesday, conceded Walton's nomination and The Daily Oklahoman of Oklahoma City which has opposed Walton, predicted Thursday's issue that Walton would ultimately gain a plurality of 10,000 votes.

## SECRECY MARKS TRIAL OF ALLEGED EMBEZZLER

By Associated Press  
Superior—The utmost secrecy attends the sessions of the federal grand jury which is deliberating here and which will consider the case of Henry R. Holt, Hayward banker and alleged embezzler.

Stanley M. Ryan, assistant United States district attorney, stated Thursday that the grand jury session probably would last about ten days to two weeks and that nothing would be announced concerning the action of the grand jury until after that time.

## 200 Missing After Flood In Far East

By Associated Press  
Tokio—Two hundred persons are missing along the Tamsui river in northern Formosa, according to dispatches received by the Japanese newspapers here. Railway traffic has been stopped and the city of Taihoku is practically isolated, these dispatches say. They add that thousands of houses in Taihoku have been inundated.

Manila—Heavy rains, continuing for several days, have flooded thousands of acres of farm lands through out the Island of Luzon, on which this city is located and done immense damage.

Great injury has been done to the rice and sugar cane fields. Many miles of wagon roads and railroads have been washed out and a number of bridges have been carried away, stopping traffic in several provinces.

## CAPPER AND DAVIS IN LEAD ON KANSAS BALLOT

By Associated Press  
Kansas City, Kas.—A day's tabulation of returns of Kansas primary on Tuesday made little relative change in the standings of the candidates. As the returns began coming in briskly after the storm that had delayed reports Tuesday night, early leads were floating chances that the runner-up might have a chance.

Senator Arthur Capper, Republican and Governor Jonathan M. Davis, Democrat easily led their fields and piled up leads of 30,000 to 50,000. The race for the Republican gubernatorial nomination, however proved a fairly close one, with latest returns cutting down slowly the lead that B. S. Paulsen, Fredonia banker, had over Clyde M. Reed of Parsons, and ex-Governor W. R. Stubbs of Lawrence.

## KNIGHTS OF AMERICA ARE GRANTED CHAPTER

Madison—Articles of incorporation of the Knights of America were approved Thursday by the secretary of state's office. The order will be of a national character, the articles reveal, chartered for "social, fraternal and educational" purposes and designed to "foster American institutions, ideals and traditions, to disseminate a thorough knowledge and understanding of the same and to operate for the establishment of a better citizenship."

Any adult American citizen "of good reputation and character" may become a member of the order, it is stated. Headquarters will be in Milwaukee. Branches will be established in other states, the papers declare.

## WASHINGTON PROMISED RELIEF FROM HOT WAVE

By Associated Press  
Washington, D. C.—Relief from the heat wave which has gripped the eastern section of the country for the last three days, causing several deaths and many prostrations, is promised by Thursday night or Friday morning by the weather man.

A cool wave moving in from the Northwest coupled with possible thundershowers, is expected to bring a moderate fall in temperature but not cool weather.

Washington Wednesday experienced the hottest day since 1913. Twelve prostrations were reported by local hospitals.

## 114 NAMES ENTERED FOR STATE PRIMARY

By Associated Press  
Madison—The names of all candidates to be entered in the September primary election in Wisconsin were certified to county clerks Thursday by Secretary of State Fred R. Zimmerman.

## DEAD MAN FOUND IN RAIL YARD WITH PHAL AT SIDE

Rhineland—The body of Anton Butwidar, 46, with his home given as Chicago, was found dead in a railroad yard at Woodruff late Wednesday. A phial thought to have contained poison was found near the body. The man was identified by his employer living on a farm nearby. The latter said that Butwidar had often told him of strained relations with his wife who lives at the Chicago address.

## ARGENTINE ACE LEAVES ALLAHABAD FOR CALCUTTA

Allahabad, British India—The Argentine world flyer, Major Zanni, who arrived here from Nasirabad Wednesday left for Calcutta at 9:20 Thursday morning.

## GERMANS AND ALLIES WILL AGREE, BELIEF

**French Foresee Agreement to Plan Permitting Berlin to Address Commission**

By Associated Press  
London—After Thursday morning's meeting of the "Big Fourteen" of the international conference on reparations, a French spokesman said an agreement was in sight by which Germany would be allowed to address the interallied reparations commission, should she be adjudged in default under the Dawes plan.

It was emphasized by this informant that this concession would be accorded Germany as a privilege rather than as a right, and that the final determination of Germany's possible default must remain strictly an allied affair. On this point the French spokesman was optimistic that the Germans would accept the agreement reached by the allied delegates among themselves before the Germans were invited to London.

In a lengthy summary of the German memorandum to the international conference, the diplomatic correspondent of the Daily Telegraph Thursday says that some of the objections raised by the Berlin delegates are serious, especially that regarding the protocol of the third commission, which deals with deliveries in kind and transfers of reparations.

The German criticism in this respect, he says "goes amazingly far and is wholly destructive of the conclusions reached by the third commission and the conference."

Among other things, the Germans insist, according to the correspondent, on the right of appeal against the program for deliveries in kind to be elaborated by the "reparation commission" and the bodies emanating therefrom.

## REGENTS REFUSE HALL TO KU KLUX

**Klansmen and Board Members Refuse to Comment on University Situation**

By Associated Press  
Madison—Leaders of the Ku Klux Klan, including P. S. Webster, district representative, declined Thursday to make any statement regarding refusal of the University of Wisconsin board of regents to authorize the use of university buildings for a Klan meeting.

Whether an effort will be made to oppose the ruling of the regents could not be learned.

It is understood the proposed meeting was to have included a large number of students.

Members of the regents also declined to make any further statement of the grounds on which the request was refused. A brief statement merely stating that the request had been turned down was the only announcement from the board.

## Pageant Of Kaukauna Is Everything Said For It

With 1,500 people in the grandstands and seated on the hillside, Kaukauna's second annual historical pageant opened in a blaze of glory Wednesday night. Threatening weather in the afternoon and early evening no doubt kept thousands of people from the pageant grounds but the big open air theater is expected to be filled for the second performance tonight.

The pageant is everything that has been said of it. From the first announcement from the tower which flanks the big stage to the flare of fireworks in the big set piece which concludes the final episode, the attention of the big crowd was riveted on the great outdoor stage.

## WONDERFUL LIGHTING

Never before have people of this territory, or anywhere else for that matter, seen such wonderful lighting. Every shade of light, from hazy dawn to bright noon and then down again to fading dusk, was achieved by the eleven electricians in charge of the switchboard and spotlights. Costumes, beautiful from weeks of work put on them, were made more wonderful by the many colored lights.

## Schoolmate Of Loeb Charged With Perjury

**Oversight Of Hughes Makes Rome Envious**

Rome—Il Mondo, commenting on the departure of American Secretary of State Hughes for home after his European trip, complains that while he visited London, Paris, Brussels and Berlin, he skipped Rome.

The newspaper recalls Mr. Hughes' repeated declarations that his trip was not made as secretary of state but as president of the American Bar association and says it is therefore all the more difficult to understand why he failed to render the homage of a visit to Rome the original lawgiver.

Although Mr. Hughes did not come to Europe in his official capacity, Il Mondo continues, it must be remembered that he is the director of foreign affairs of one of the most powerful nations in the world and there is no doubt that "his influence on the conference in London was decisive and resultful."

## REOPEN PROBE OF MADISON WOMAN'S MYSTERIOUS DEATH

**Brother of Former University Woman Obtains New Cleave in Old Case**

Madison—Reopening of the investigation into the mysterious death of Mrs. Grace Pease, former University of Wisconsin student and wife of Professor Raymond B. Pease, Akron, O., whose body was found in Lake Mendota here on July 26, 1922, was started in Madison Thursday by Mr. Bostwick of Eau Claire, brother of the woman. Bostwick conferred with police officials regarding the matter and collected information from police and newspaper records regarding the affair. Charges of foul play against Mrs. Pease probably will be gone into extensively in the inquiry, Bostwick stated.

Correspondence has been received by the Bostwick family at Eau Claire, the brother said, to the effect that Mrs. Pease was seen on the streets at Akron just two days before her body was discovered here, although she is supposed to have started for Madison to visit friends before that time. Considerable evidence which has not heretofore been brought to light has been collected on the case, Bostwick said.

## CONFIRMING STATEMENTS

At 2 o'clock Miss Nathan was recalled to the witness stand and Mr. Crowe resumed his cross examination.

Miss Nathan replied "I did" when asked if she had not stated, Loeb "talked or almost any subject" and that "he was perfectly sane and normal in every respect."

"Were you lying in the state attorney's office or are you lying now?" asked Mr. Crowe.

Mr. Morrow objected and Judge Caverly ruled out the question.

## DAVIS DENIES HE IS KLANSMAN

New York—John W. Davis, Democratic candidate for president, in a letter made public Thursday declared he is not a member of the Ku Klux Klan and never was a member.

The letter was written in answer to one sent to Mr. Davis by Devers Allen, editor of the World Tomorrow, a magazine published here.

According to Thomas J. Spellacy, manager of the Davis eastern campaign headquarters, Mr. Allen in his letter called the attention of Mr. Davis to the charge that the nominee was a member of the Ku Klux Klan and asked specifically if this was true. Mr. Davis replied:

"In reply to your letter which has been brought to my attention I answer the question in the same direct manner you have put it, by saying that I am not, never have been and will not become a member of the Ku Klux Klan."

## CITY OFFERED 15 POINT PREMIUM ON NEW SCHOOL BONDS

\$250,000 in Bonds Will Net City \$262,555 on Basis of Bid

A flattering bid for the second issue of Appleton Junior high school bonds was received by the city Wednesday. The bond issue is \$250,000 bearing interest at 4 1/2 per cent and maturing in 20 years. A premium of 15 points was offered in the joint bid of Wells-Dickey company, Minneapolis, and Hill, Joiner & Co., Chicago. The total premium offered is \$12,555.

The bids were received and opened at 2 o'clock Wednesday afternoon by Mayor John Goodland, Jr., E. L. Williams, city clerk, and Fred Bachman, city treasurer, the city's financial agents who will enter into contract with the brokers.

The premium of \$12,555 offered on the \$250,000 bonds is by far more favorable than that received for the previous bond issue of \$425,000. These were sold to Harris Trust and Savings bank of Chicago at a premium of \$10,058, thus indicating that the bond market was much below the present state. The Harris firm did not submit a bid at this time.

Appleton common council was spurred to action at this time by prevailing high prices for municipal bonds. Had it been foreseen the present state of affairs, it might have realized another saving, for several of the firms bidding in Wednesday made favorable quotations on 4 1/2 per cent bonds. But since the city had advertised for bids on 4 1/2 per cent bonds, city officials were forced to ignore the 4 1/2 per cent bids. A request by these firms to re-advertise for bids specifying interest at 4 1/2 was turned down by the city council, as that body did not wish to incur risks growing out of a fluctuating market.

The above mentioned bid and the joint bid of the First Wisconsin Trust company of Milwaukee and the Mississippi Valley Trust company at a premium of \$12,459, the two highest were the only two presented by the mayor, treasurer and clerk to the council Wednesday evening. The other were returned to the agents of the firms who were present at the opening of bids.

Other bids were:

Boulevard and company, Chicago, premium of \$10,361.

Second Ward Securities company, Milwaukee, \$12,257.

Illinois Mutual Trust company, Chicago, and First Trust company, Chicago, \$10,955.

Citizens National bank, Appleton, \$11,965.

Detroit company, Chicago, \$10,125.

A. C. Allyn company, Chicago, \$11,260.

William R. Compton company, Chicago, \$11,975.75.

Taylor Ewart company, Chicago, \$10,781.

National City company, New York, \$10,475.50.

Paine Weber company, Chicago, \$10,477.

Halsey Stuart company, Chicago, \$10,875.

Union Trust company, Chicago, and Kaufman Smith company, St. Louis, \$9,917.

A. G. Becker and company, Chicago, and W. A. Harriman, \$10,955.

All bonds will be in denomination of \$1,000 each and bear interest from Feb. 1, 1924, at the rate of 4 1/2 per cent, payable semi-annually on Feb. 1 and Aug. 1 of each year. The last bonds will mature Feb. 1, 1944. Coupons for the first half year will be clipped by the city when the bonds are printed.

This second issue of junior high school bonds was sold because the original issue of \$425,000 was not sufficient to cover the cost of constructing the two schools. The issue will raise the city's total bonded indebtedness to \$1,054,000, which is still about \$250,000 less than the city's bonding limit.

## OUTDOOR SERVICE STARTS NEXT SUNDAY

Protestant Churches Will Hold Union Meeting on College Campus

Protestant churches of Appleton, excepting the Lutheran churches, will combine for open air services on Lawrence college campus at 7:45 Sunday evening, Aug. 10 and every Sunday thereafter until Aug. 31. In case of too severe cold or rain, the services will be transferred to Memorial Presbyterian church, but if possible will take place in front of Main hall. The Rev. E. M. Salter, pastor of First Baptist church, will be the speaker at the first service Sunday evening and his topic will be "What think ye of Christ?" Sunday, Aug. 17 the Rev. J. L. Menzner of German Methodist Episcopal church will take charge, and Aug. 24, the Rev. H. A. Bernhardt, pastor of Emmanuel Evangelical church will speak. The last service of the series on Aug. 31, will be turned over to the Christian Endeavor society, which will be assembled in Appleton in convention at that time. An committee made up of representatives of each church taking part in the series of services is in charge of the arrangements.

## WOUNDED GUARD IS HELD IN HOSPITAL

The condition of Clifford McCullough, son of Mrs. Alice McCullough, 895 Washington-st., who is confined at St. Vincent's hospital at LaCrosse is much improved. Mr. McCullough was wounded in the foot when a machine gun accidentally discharged at Camp Douglas July 24. Infection set in about a week ago but assurance that the foot will be saved has been given. Mr. McCullough's condition has permitted him to carry on very little correspondence with the members of the guard. It will be several weeks before he will be able to return to his home.

## ROTARIANS PLAY AT LAKE COTTAGE FOR NEXT MEETING

The next luncheon of the Rotary club on Tuesday, Aug. 12, will be held at George R. Wetters' cottage at Utawanna beach. The members will drive out in the afternoon and probably will participate in baseball and other contests before supper, after which there will be an informal program.

## This is the SILVER POLISH YOU Should Use

It is different from the ordinary metal polish because it thoroughly cleans and polishes without scratching or marring the surface. It contains no grit, whitening, ammonia, acid or injurious chemicals, and you can safely use it on your most valued silverware.

## METALGLAS

makes a brilliant, lasting luster on any metal or glass surface. Ideal for silver, cut glass, mirrors, bathroom fixtures, auto trimmings and windows. Comes in paste form. No dust or waste. Easy to use. All we ask is a trial. If you don't find it the best polish you ever used your dealer is authorized to refund your money.

## Last Of Original Oneidas Is Buried On Reservation

Burial of a real pioneer took place at the Episcopal mission at Oneida Monday, when last rites were celebrated for Mrs. Rose Schuyler, said to have been 109 years old.

Mrs. Schuyler died at the old government Indian school where she had spent her declining years as the last survivor of the original group of Oneida Indians who emigrated to Wisconsin from the Oneida territory in New York. The funeral service was conducted by the Rev. William Watson of the Episcopal church.

Mrs. Schuyler was born at Oneida, New York, just at the close of the war of 1812, according to those who knew the woman intimately, and came here with her parents 103 years ago. The Oneidas had purchased a large tract of land at the time from the Menominees.

Mrs. Schuyler had witnessed the passing of a century, as well as the passing of her nation. Once powerful in the councils of the Six Nations, the Oneidas are scattered all over the country. There are now not more than 400 persons with Indian blood living on the Oneida reservation. They abandoned their ceremonies and councils and customs years ago and have adopted the white man's ways.

The government school in which Mrs. Schuyler lived was abandoned by the government several years ago when the trust period expired on land allotted to them. There are only a few Indians there whose land is still held in trust by the government, and only 30 Indians own their own land.

## MEMORIAL CHURCH PICKS ITS PASTOR

Dr. Virgil B. Scott of Minneapolis was selected as the new pastor of Memorial Presbyterian church Sunday by an almost unanimous vote. He will succeed the Rev. E. W. Wright who accepted a call to Marinette and will take charge of his new field of labor as soon as he can arrange his personal matters. Dr. Scott preached at Memorial Presbyterian church Sunday, July 27, and made a very favorable impression.

For summer outings nothing equals Danish Pride Milk.

BIG CROWDS — BRIGHTON

## COOLIDGE CUTS ACCEPTANCE TALK

Washington, D. C.—President Coolidge has decided to limit speech accepting the Republican nomination to discussion of a few major topics.

To this end he is "boiling down" the first draft of his address, carefully prepared and touching many subjects, after laughingly telling friends he just could not treat all things of interest in the United States in one speech.

Among the topics Mr. Coolidge is expected to emphasize in his address in its final form are the administration's record in foreign relations, government economy and tax reduction. The speech will be delivered at the formal notification exercises here on Aug. 14.

## TAKE THE BUMPS OUT OF BRIDGE APPROACHES

Repairs are being completed by employees of the street department at both ends of the Lawrence-st viaduct over Jones park. Sinking of the floor of the bridge in recent years brought about a condition in the road that made automobile occupants grunt every time they drove over it. Attempts had been made to smooth down the bumps by an application of screenings, but now the cement is being torn up to be replaced and smoothed out with fresh concrete.

Will Build Home Robert W. Ebben, 846 Washington-st., has purchased a lot at the corner of Cherry and Sixth-sts Tuesday from E. J. Walsh on which he is planning to build a new residence. The plans have not yet been prepared.

## AMERICA SOLVES THE PROBLEM

When the Inter-allied council opened at London our prediction was that it would be a success, and that before it adjourned the Dawes reparations proposal would be accepted and applied in conformance with the recommendations of American bankers and representatives of the American government. This is what has taken place. After a number of weeks of discussion and the usual threatened rejection of the whole scheme by France, an agreement has been brought about that is apparently satisfactory to all. The financial interests which are to underwrite the German loan of \$200,000,000 are to have the security they require and to which they are, of course, entitled. Where this interferes with French militarism, or with French desire to reserve the right to act alone, the necessary concessions have been made. Evacuation of the Ruhr has been provided for, together with supervision of Germany payments that promises to be effective. In short, the Dawes plan is to be taken as submitted and applied in good faith.

German representatives who now come into the conference will have no alternative but to accept the plan agreed upon. This unity might never have been brought about had the United States not been represented at the conference. The strong probability is that it would have broken up in dissension, and that even so excellent a scheme as the Americans had worked out would have been rejected. The United States has solved the reparations problem for Europe, first by offering a plan of procedure, and second by setting up the machinery for its application.

However much the brains and experience of European statesmen may have contributed to the results, they are primarily to be credited to the United States. The labor administration in Great Britain and the socialist government of France have afforded excellent working ground for an understanding consonant with the true welfare of the peoples concerned, but it has been American ingenuity, American common sense and the American spirit of justice that have solved this problem.

## FOOD TALKS

Appetite can usually be trusted in the matter of what you should or should not eat. This idea is advanced by Dr. Graham Luck of Cornell Medical school. It is not new. Dr. Lusk's experiments show that animals instinctively choose the foods that are best for them. Rats, turned loose in a profusion of choice things to eat, select the ones containing certain vitamins they need. He says: "It does not seem possible that the established habit of diet of man can be deleterious to his welfare. For example, the Eskimo lives largely upon meat, yet does not contract gout. Meat increases the heat production very greatly and is a comfort-producing food in cold weather.

Food fads have been the vogue for several years. They unquestionably can accomplish much, particularly certain diets for adding weight or reducing fat. Again, many people are under-nourished, even though they eat a lot. A proper diet, supplied to them by an expert, furnishes necessary food substances they have not been getting. But food fads, like everything else, can be overdone. The New York state department of health declares: "One of the most common fads is the going-without-breakfast fad. This has been

especially developed among young people, notably girls. The normal person needs a nourishing breakfast to draw on for energy used in the day's activities, and it is doubtful if an individual can or does get ample nourishment from two meals a day."

Science has exploded these ancient bits of hokum—that carrots make one beautiful, that crusts make the hair curl, that fish is brain food, that rheumatism can be cured by carrying a red kidney bean or horse chestnut in the pocket, that an onion in the hair will relieve headache, all these are fads, and just as sensible as some of the what-to-eat cults.

Instinct will tell the average person what to eat and what to avoid. People with acid stomachs generally need less starch. Strawberries, onions, buckwheat and oatmeal are excellent for most people, but with some they play havoc. What is one man's meat is another's poison. The trouble is many of us do not recognize when instinct speaks. We have a craving for too much candy. Nature upsets the stomach, to warn us against sweets. We continue ignoring her warning and obey the craving. Eating is not an exact science. It depends on the eater. Most food fads are foolish.

## "BE SQUARE"

William Byron Forbush has recently published a new book. It is a little 88-cent affair, but it is one of the significant publications of the moment. The theme of the book is dishonesty and its price. Its moral is its title, "Be Square."

Stock frauds, land frauds and confidence games cost us, each year, Mr. Forbush shows, \$2,000,000. burglary and theft \$525,000,000. embezzlement and defalcations \$125,000,000, theft and looting of public domain \$200,000,000, fraudulent bankruptcy and credit swindles \$100,000,000, bad checks owing merchants \$150,000,000, forgery and worthless checks \$125,000,000, piracy and seaport robbery \$75,000,000 — a grand, gloomy total of \$3,300,000,000. Add to this the \$5,000,000,000 we pay for police, courts, jails, prisons, etc., and we find that dishonesty costs us \$8,300,000,000, a year, a sum sufficient to pay the current expenses of any three governments—enough to thoroughly educate every child in the country.

Before the war the insurance companies estimated that there were three burglaries to one fire, today there are seven. In ten years the ratio of automobile thefts to the total valuation has increased over five times. Surety companies today are paying six times as much for embezzlement and twelve times as much for burglaries as was true ten years ago. Then there are the worthless goods sold, the thousands of articles lost and found that are never returned, the cheating in examinations at schools and colleges, the vast number of petty deceptions that are practiced in all the walks of life and which are not tabulated.

Back of every offense there are human beings. "Aftermath of war," "movies," "prohibition," and all the other stock explanations for evil movements and conditions are piffle. They are results, not causes. There is sorrow, of course, and charity, but there is no mitigation for dishonesty, no extenuation for being a cheat. The easiest, most natural and best answer to all the demands and problems of life—the answer that meets all moral questions of humanity—is, "Be Square."

## TODAY'S POEM

By HAL COCHRAN

### THE LIGHT THAT FAILS

WHEN you're down in a cellar that's dark as can be, and you're searchingly groping about, you just about find what you're trying to see—then the pesky old candle goes out. A man holds a match box, there's one match within it. 'Tis struck for a pipe light: no doubt. And then while he stops just to chat for a minute—the match flickers down and goes out. You sit by a lamp and pick up a book. Then suddenly you are disgusted. So often, before you have taken a look, the lamp globe goes black, 'cause it's busted.

Old Sol sends his rays through your front window pane and its hints of a beautiful day. Then, almost in nothing, the clear turns to rain as a cloud up and gets in the way.

The lights that you light in the darkness of night and the light that turns night time to day, are fine when they're lit, but they don't make a hit when suddenly they flicker away.

(Copyright, 1924, NEA Service Inc.)

People can be very annoying, but if it wasn't for them you wouldn't know anybody.

First think you know it will be time to start looking for the first signs of fall again.

There is a clock in San Francisco which is said to be 110 years old, so it is quite an old timer.

What is so rare as a day in swimming?

The almighty dollars are all mighty scarce.

A golden wedding is when a couple has gone thirty days.

# Health Talks

BY WILLIAM BRADY, M. D.  
Noted Physician

Dr. Brady will answer all signed letters pertaining to health. Writers' names are never printed. Only inquiries of general interest are answered in this column, but all letters will be answered by mail if written in ink and a stamped, self-addressed envelope is enclosed. Requests for diagnosis or treatment of individual cases cannot be considered. Address Dr. William Brady, in care of this paper.

## PIMPLES AND PUBERTY

Or acne and adolescence. They're like bread and milk or ham and eggs, associated yet by no means inseparable companions. Sometimes pimples begin at the age of ten or younger, sometimes they are attained on coming long after the individual has attained adult age. In any case a reasonable amount of pimples are good for a youth. They keep him from gloating over the fact that he is a youth. Pimples and pride do not jibe at all.

There's nothing whatever ignominious about pimples. They are so very common in youth that they are almost physiological. In one sense they are a physiological insignia of growth, for they happen because the general glandular functions, including the secreting of glands of the skin, are developing at a rate too fast for the rest of the body to keep pace with for a while.

One feature of acne which entitles the individual to the sympathy of every intelligent person is the stigma attached to the conditions in the mind of the ignorant and the vicious. As I have already said, there is no evil significance in a crop of pimples. The only basis I can imagine for the ignorant fancy that pimples have any relation to "impure blood" or to any moral deficiency is the insistent vulgar suggestion of the patent medicine fakes which is constantly given to the simple public for the blood money there is in that game. And that's a business to which the hands of fellowship is extended by legitimate business everywhere.

It may be that there is another popular misapprehension which adds to the mental misery the victim of acne suffers. The popular notion that syphilis is usually indicated by skin eruption which shows about the face is wrong in 95 per cent of cases, for as a rule an individual with syphilis shows no rash or skin lesion about the face. And even syphilis is no mark of moral obliquity, for we must remember that a very considerable number of all cases of syphilis are acquired in a manner as innocent as the manner in which we ordinarily catch diphtheria.

Each of the three methods of treatment does give some good results, though not in every case of acne.

Here are a few general principles to use in the management of this vexatious if harmless condition: Morning cold wash or shower. Bathe the affected skin with hot water at night before retiring. If blackheads are present use a tablespoonful of boracic acid in the basin of hot water and express the blackheads by gentle pressure with the fingers covered with a clean cloth. Then apply some of this lotion and allow it to dry on the face, washing it off with cold water in the morning. Equal parts of sublimed sulphur, alcohol, compound tincture of lavender, glycerin and camphor water. Do this every night for a week or ten days, then rest for a week and repeat.

## QUESTIONS AND ANSWERS

Shaving a Great Nuisance  
Is shaving the underarms harmful? Is it all right to shave hair off the legs? (W. L.)  
Answer.—A small safety razor is the best means of removing hair from the armpits. If you shave or otherwise remove hairs from the legs the hairs return heavier and more noticeable than before.

As You Are  
I am 68 inches in height and weigh 142 pounds. Would like to reduce to 125. I am 25 years old, a stenographer. (F. J. M.)  
Answer.—You are just right. Perhaps some daily exercise would relieve you of that fat feeling. (Copyright, National Newspaper Service.)

## LOOKING BACKWARD

### TWENTY-FIVE YEARS AGO

Thursday, August 10, 1900.  
Welcome Hyde was at Iron Mountain on business. Fred Barker of Chicago was visiting his parents, Mr. and Mrs. J. M. Barker.

Whitman & Crier sold a lot in the Fifth ward to A. W. Patten for a consideration of \$200.

J. H. Kamps attended the annual convention of Wisconsin Pharmaceutical association at Janesville.

Mrs. Max Mayer of Appleton and Joseph LeClair of Green Bay were to open a new shoe store at Green Bay the following month.

The Rev. A. J. Mead, who was elected treasurer of Lawrence college assumed his new duties.

Riverview Golf club links were measured the day previous and it was found that the length of the entire course was 1307 yards instead of 1600 as was the first estimate. The holes measured as follows: First, 155 yards; second, 220; third, 233; fourth, 94; fifth, 124; sixth, 243; seventh, 233.

Cigar makers of Appleton, Neenah, Menasha, Kaukauna and Little Chute were to hold a picnic at Waverly the following Sunday.

Sheriff William Wilson returned from the northern part of the state where he endeavored to get trace of two men who were passing themselves off as priests and who were collecting money for a church they proposed to build in their native country, Greece.

Mr. H. Hogan of Kaukauna was spending his vacation in Appleton.

### TEN YEARS AGO

Thursday, Aug. 6, 1914.  
While Belgian soldiers were holding in check an army of more than 100,000 Germans commanded by the crown prince, British and French warships were sweeping the seas clear of German merchantmen. German losses at Visle alone were 3,600 in killed or wounded and fully double that number were lost at Liege and Antwerp. A Brussels dispatch dated 3:30 P. M., Aug. 6, said the Germans suffered another crushing defeat. For the second time in 12 hours a regiment of Uhlans tried to penetrate the Belgian lines and finally succeeded. It was surrounded by Belgian infantry and cavalry operating together and was annihilated.

Arrangements for a big Labor day picnic at Waverly beach were about completed.

Daniel Hill, an Onondaga Indian living on the reservation, was instantly killed Tuesday by lightning.

The Misses Ruth Cronkhite and Florence Crosby of Hontonsville were guests of Appleton friends.

Mrs. A. H. Raymond and Mrs. A. C. Stiles of Chicago were visiting Mrs. A. C. H. Baker.

J. A. Kimbrey of Redlands, Calif., president of Kimberly-Clark interests, was critically ill at the home of his son, J. C. Kimbrey at Neenah.

A barn belonging to Sidney Sherman near Seymour was destroyed by lightning Tuesday.

Messages to European countries were being accepted by the Appleton telegraph offices subject to delay.

In Chicago, a cop was canned for being pickled.

When you see onions in the front yard instead of flowers, hubby is the boss in that home.

# SEEN, HEARD and IMAGINED

---that's all there is to life

THEY GOTTA EAT TOO  
If we all could keep well, it would be nice, but say, how then, I'd like to ask, could doctors earn their pay?

The season for hunting prairie chickens will open Sept. 20 in Outagamie and will last only five days. They should have an open season on those birds all the year around, for it will take longer than that to hunt one.

Some folks are wondering who that man Jaussen is that's running for county treasurer. He is a sort of a Dr. Jekyll and Mr. Hyde. When he swings the gavel in the village board of Little Chute, he is Mr. Anton Jaussen. But when he swings the bat, or when he yells "Batteries Today," he is just plain Casey.

Appleton children are more healthy than children living in rural districts, it developed from a series of rural child clinics held in this county this summer. But isn't it strange we never hear of a farmer moving into Appleton for his health?

Some folks like garlic Every day. We like those people Miles away.

No Place for Bull Durham  
"NOTICE—Any bull that strays into my pasture after July 25, 1924, must pay his fine and costs. Mrs. Alvina Schoen & Sons.—Manawa Advocate.

Dear Rollo: Did you pipe this sign displayed at one of our downtown barber shops? "We will bob you hair to suit your face." According to this sign, some girls would have a terrible looking hair cut.

Why so, Harry? How can a suite girl's suite face be made to look terrible just because she gets a suite bob? Suito Cookie!

Everybody is picking on the bobber. Just after Salesman Harry sends in that one about the Suite Patricia, Cos. Why comes shuffling into our laboratory, sprawls himself all over our desk, does an interpretive dancer's pose with his chin and elbows and asks: "Did you see that sign in the barber shop? It says, 'Bobbing and Shingling!'"

It seems that George Schneider has been appointed Coolidge's campaign manager for the Ninth congressional district. He got a postal card from the Coolidge headquarters the other day informing him that "we can ship the buttons in ten days." The Appleton congressman is figuring out some way how he can use the buttons, and still boost LaFollette.

Wilbur Bogan, county motorcop, was banged up quite a bit in the war, but he has been wounded a good deal more in the highway accidents.

ROLLO.

# World's News Told In Brief, Simple Style

BY CHARLES P. STEWART

The allies, unofficially helped by America, have been getting together gradually in the last week on the subject of our claims against Germany. Prospects seem good for an agreement. Then Germany will have to be called in. Considering how badly they were beaten, the Germans really will be getting a good thing. But their government is feeble.

If it yields too easily, then monarchists are liable to say it has betrayed the country and stage a successful revolution. So, to save the government's face, the allies probably will go through the motions of wrangling for a while with Germany and making some concessions to her — which they'll have intended all the time to make. Germany will sign on the dotted line then.

## NOT SO QUIET

On the surface, politics appear rather quiet. But the party leaders are getting ready. About Sept. 1 the fireworks will start. President Coolidge and John W. Davis act like queer campaigners, but not Charles J. Dawes or Charles W. Bryan. Nor La Follette and Wheeler.

THEIR campaign will be hot enough to satisfy anybody. It may even be hot enough to stir Davis up to the point of hitting back. Politicians doubt if ANYTHING can excite Coolidge.

## FIRPO-WILLS.

A strong effort is being made to force the government to deport Luis Angel Firpo before he has time to fight Harry Wills. Anti-fight people accuse the immigration department of rank inconsistency in admitting Firpo while excluding his traveling companion, Senorita Blanca Lourdes. Adding insult to injury, as the anti-fight folk see it, President Coolidge received and shook hands with Firpo at the White House, but when Canon Chase, Brooklyn clergyman, called to urge the Argentine's deportation, he couldn't get a "dato" with the president.

## PARADOXICAL

When Leopold and Loeb, Chicago's boy murderers, pleaded guilty, it was announced that they prevented them from claiming insanity. Ever since then, for days and days, the court has been listening to testimony to show they ARE insane.

## IN THE NEWS AGAIN

Iceland, which was last in the news when Eric the Red sailed for Greenland, is in it again, now on account of the American "round-the-globe-flyers" visit. It is the last stopping place before the most dangerous of all the aviators' jumps. All the world is waiting for news from there.

## JUST PROPAGANDA

The navy wants to tilt the big guns on American warships a little higher, so they can shoot farther. The British, who ALREADY have tilted THEIR guns higher, protest against this, saying the arms limitation agreement prohibits it. American naval officers deny this.

They say the British know they haven't leg to stand on, too, but are just trying to make the American people believe the increased tilt would be cheating on this country's

# You can't keep men from talking!

Whisper into a friend's ear that your Grandfather left you \$1,000 and before nightfall you have fallen heir to a million and the news is miles wide.

# MATT SCHMIDT & SON

TWO FLOORS OF GOOD THINGS TO WEAR

# Why East Gives Best Shoe Shine

(Herbert Waring, Jr. The American Magazine)

Joseph Nemesis used to run a chain of bootblack parlors in New York. Today he is a traveling representative of one of the largest manufacturers of shoe polishes. He has traveled widely in all parts of the country, showing bootblacks the proper method of shining shoes. The other day Mr. Nemesis told a lot of interesting facts that had come under his observation during his travels.

"It seems to be generally believed throughout the country," he said, "that the best shoe shining is done in the eastern cities. The reason why eastern shines are better is that in the east we put the paste on thinner, with more applications, and rub it in better with the brush.

"The western bootblack has the habit of shining a shoe with two brushes, one in each hand, and he can't use the same force as the bootblack who uses one brush at a time. Bootblacks who use a stencil, a sort of barber's brush with the hair cut short, for applying the paste are likely to pile it on too thickly. In expert shoeshining you can get away from the use of the human hand. The warmth of the hand melts the wax and oils in the paste so that it goes on thin and gives the best results.

"In the west and south there are a good many shoe shining stands where the bootblacks play a tune with their polishing rags when completing the shine. Some of these places have

part. If they can do that they think the people will vote the navy's plan, and Britain will go on being able to outshoot us.

# Unusual People

LIFE SAVER AT 90

Lon Green, 90, is head of the life-saving forces at Clear Lake, Ia. He's spent 70 years at sailing the briny deep and admit's he's capable of riding an aw squall. "Let the younger generation have their speed boats," says he. "I'll stick to my sails."

phonographs running all day long, and an expert with the rag can keep time with the music.

"New York, Washington and Chicago have the best shoe shining service. In Washington, D. C., as in New York a great many people visit the bootblack once a day. In Boston, the regular customer goes two or three times a week, while the rule for Chicago and Philadelphia is once or twice a week.

"The people of St. Louis, Cleveland and Baltimore are especially keen about high grade shines. For a town of its size there seems to be as much professional bootblackening done in Des Moines, Iowa, as in any other city of the country. Shelton, Conn., with a population of about 10,000, is the best small town I know of from the bootblack's point of view."

# The Question Box

(Any reader can get the answer to any question by writing The Appleton Post-Crescent, Information Bureau, Frederick J. Haskin, Director, Washington, D. C. This offer applies strictly to information. The Bureau cannot give advice on legal, medical, and financial matters. It does not attempt to settle domestic troubles, nor to undertake exhaustive research on any subject. Write your question plainly and briefly. Give full name and address and enclose two cents in stamps for return postage. All replies are sent direct to the inquirer.)

Q. Does the grapefruit belong to the orange or lemon family? C. F. A. The Department of Agriculture says that the grapefruit belongs to the same family as the lemon and orange, but represents a distinct botanical species.

Q. What is a tonline agreement? F. R. A.

A. This is an agreement by which a group of persons share certain benefits or monies on such terms that, in the event of the death or default of one of the members, these shares are divided among the remaining members until one person has the whole amount or advantage. In most modern insurance policies, the whole goes to those remaining in the group on the expiration of the tonline period.

Q. How many children attend Sunday school? A. R. E.

A. There are 27,749,705 pupils and 2,298,825 officers and teachers in the 287,426 Sunday schools of the world. In North America alone there are 155,514 Sunday schools with 1,697,520 officers, teachers and 17,066,061 pupils.

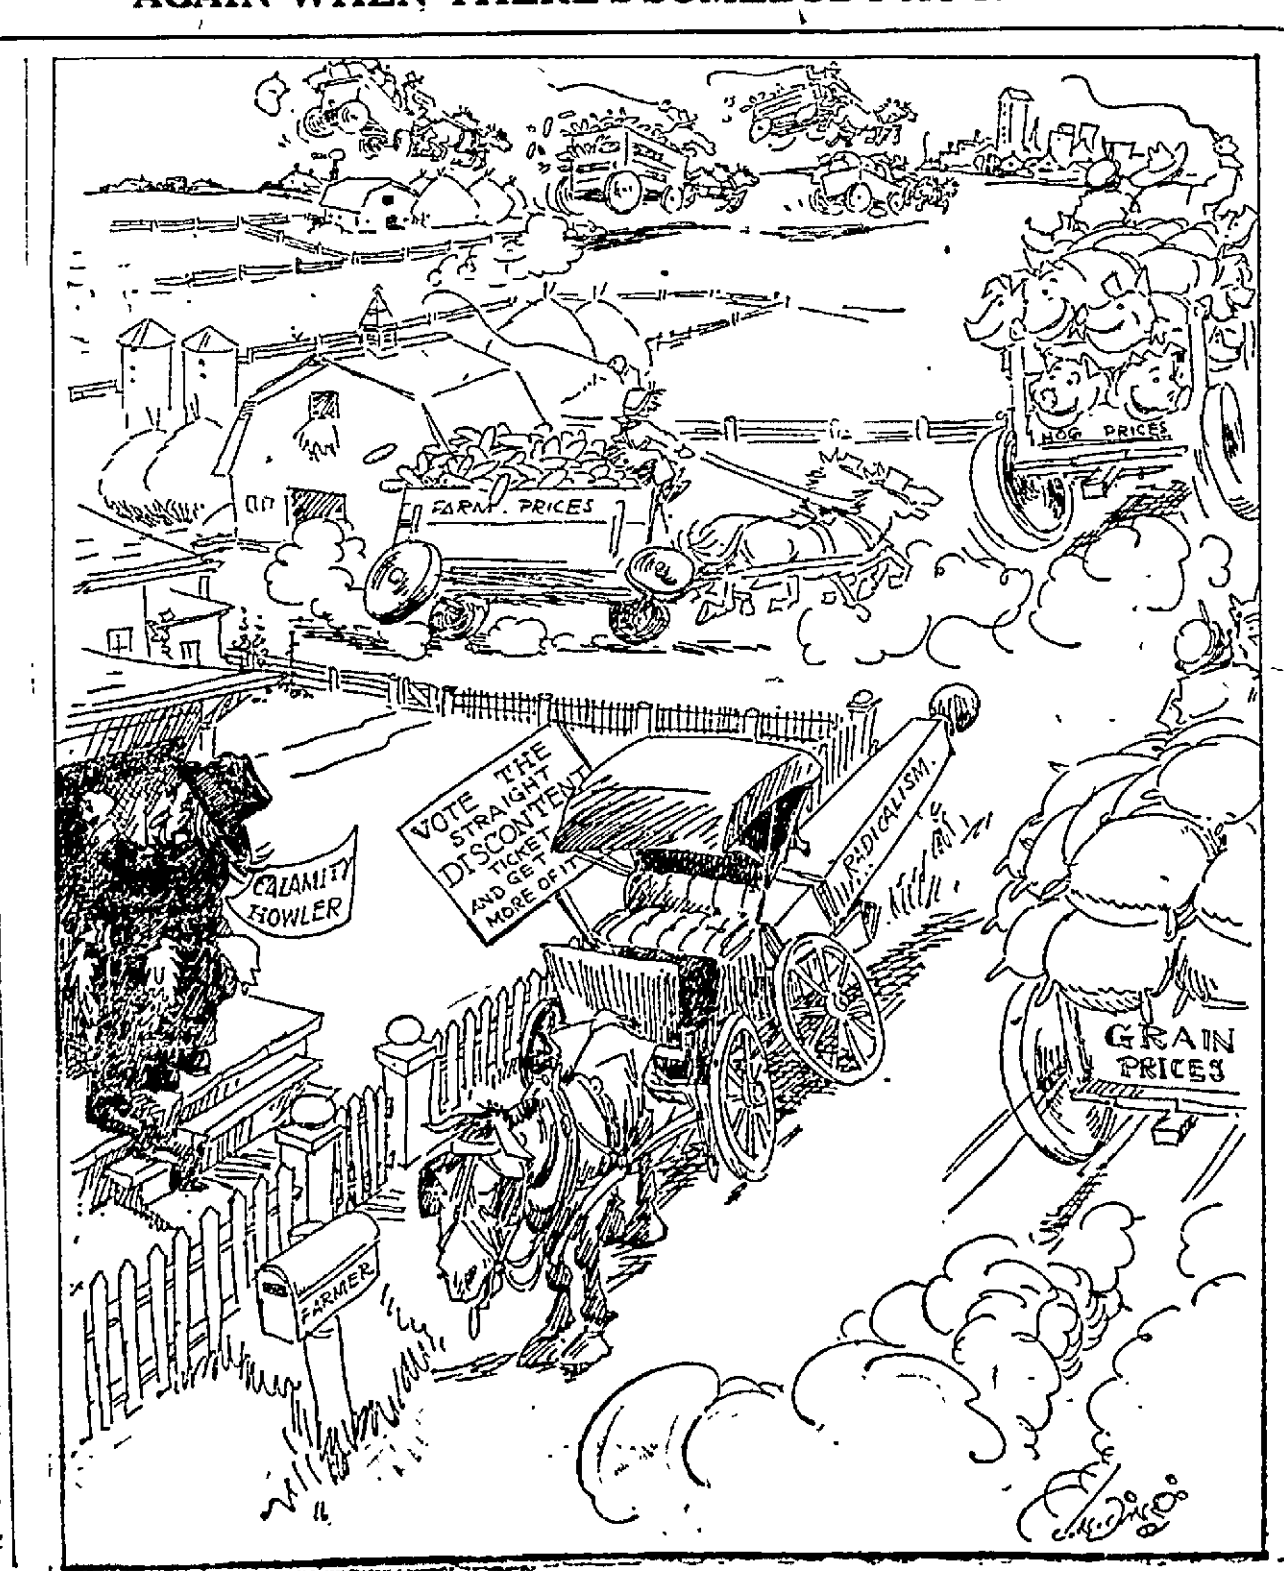

Q. Why are refectory tables so-called? C. W. M.

A. The modern table that is so designated is a modification of the long narrow dining table that was used in the refectory of a monastery or convent.

Q. What is the name of the guide book used in Europe? H. J. B.

A. The accepted guide book to European countries is the Baedeker, which contains detailed information in regard to historical places to be visited in all countries.

## HORTONVILLE FOLKS AS OSHKOSH FUNERAL

(Special to Post-Crescent)  
Hortonville—Among those who attended the funeral of Mrs. Louis Schaefer at Oshkosh Tuesday afternoon were Mr. and Mrs. Emil Kluge, Mr. and Mrs. Edward Kluge, Mr. and Mrs. Richard Kluge and daughter, Elsie, Mr. and Mrs. Otto Kluge, daughter Edna, and Mrs. Kluge, Mr. and Mrs. Edwin Kluge, Mr. and Mrs. Charles Kluge, Edward Kluge, Mr. and Mrs. Charles Wendell, Mrs. Leon Timm and daughter Evelyn, Mrs. Arthur Kruss and son, Viola Carpenter, Mr. and Mrs. Lawrence Doharner, Mr. and Mrs. J. Schwab, Mr. and Mrs. John Doharner, Mr. and Mrs. Henry Doharner, Mrs. Armand Doharner, Mrs. Charles Doharner, Mr. and Mrs. Frank Doharner, Mr. and Mrs. Edward Kringel, Mr. and Mrs. Phillips of Kaukauna spent the weekend with Mrs. L. Nye and Mrs. Gertrude Douglas. Miss Mary Peterson of Appleton and Mrs. Raul of Oklahoma were guests of Mrs. Adolph Haller one day this week.

## Social Items

Kaukauna—Mrs. M. Kuchler was hostess at the regular meeting of the Ladies Bible class of Reformed church Sunday school at her home Tuesday evening. Plans were made to hold the next meeting at Schermer's bungalow. A picnic supper will be served. Games furnished entertainment after the meeting.

Mrs. William Hoolihan entertained a group of married ladies at a miscellaneous shower at her home Tuesday evening in honor of Miss Geneva McCormick who will be married to Earl Bosaw next Wednesday, Aug. 13. The evening was spent in social entertainment.

## PERSONAL ITEMS ABOUT PEOPLE OF KIMBERLY

Mrs. R. Ward, Mrs. Harold Find, Miss Cora Boer, and Miss Kathryn Schermer returned Sunday from Sturgeon Bay where they were picking cherries.

Harry Dupont and Paul Lockschmidt motored to Sturgeon Bay Sunday.

Mr. and Mrs. R. Rosenberg and Arnold Brecklin motored to Sturgeon Bay Sunday.

Mr. and Mrs. Anton Willis and Mrs. William Schumaker were in Crivitz Sunday.

Mr. Alfred Willis and Mr. and Mrs. Henry Siebens motored to Pembine Sunday to pick blueberries.

Mr. and Mrs. Glen Frees and Mr. and Mrs. Peter Eben motored to Clintonville Sunday.

Mr. and Mrs. E. P. Stanten of Omro spent the weekend at the home of Mr. and Mrs. R. A. Lillierap.

Mr. and Mrs. Arthur Tiedeman of Milwaukee have been spending the weekend at the home of Mr. and Mrs. Emil Breier.

Miss L. Thompson of Allenville spent the weekend at the home of Mr. and Mrs. William Lucas.

Mr. and Mrs. Frank Peotter motored to Iron Mountain Sunday to pick blueberries.

Among the Kimberly people at the wedding of Marion Weyenberg and Jessie Wydeven at Little Chute on Wednesday were: Mr. and Mrs. Martin Weyenberg, Mr. and Mrs. Henry Wydeven and daughter Catherine, Mr. and Mrs. Martin Wydeven and family, Mr. and Mrs. Theodore Wydeven, Mr. and Mrs. John De Wildt and daughters Martha and Muriel, Mr. and Mrs. John Van Elzen, Sr., Mr. and Mrs. Van Elzen, Jr., Mr. and Mrs. Elzen, Miss Hattie Van Elzen, Mr. and Mrs. Henry Langenberg, Mr. and Mrs. William Van Zeland and Nicholas Lorn. Arthur Brecklin has been spending the past week at Dorchester. Mr. and Mrs. A. Schwanke motored to Menasha Sunday.

Mr. and Mrs. J. Jagadaski of Menasha are spending the week at the home of Mr. and Mrs. A. Schwanke.

## WEDDINGS AMONG COUNTY'S PEOPLE

### WEYENBERG-WYDEVEN

(Special to Post-Crescent)  
Little Chute—The marriage of Miss Marie Weyenberg, daughter of Mr. and Mrs. Theodore Weyenberg of this village, and Jesse Wydeven son of Mr. and Mrs. Martin Wydeven of Kimberly, took place at St. John church at 8 o'clock Wednesday morning. The Rev. John J. Sprang performed the ceremony. The attendants were Miss Anna Weyenberg, sister of the bride, and John Van Den Elzen of Kimberly. A wedding breakfast was served to about 100 guests at the Weyenberg home following the ceremony. Mr. and Mrs. Wydeven will make their home in Kimberly.

### MEYER-DORROW

Dale—Miss Rose Meyer, daughter of Mrs. William Meyer of Dale, and Edgar Dorrow, son of William Dorrow of Wolf River were married at 2 o'clock Wednesday afternoon in St. Paul Lutheran church in Dale. The ceremony was performed by the Rev. Frank Reier. The Misses Gertrude Dorrow and Janette Kieberg and Carl Meyer and Henry Dorrow attended. The couple, a reception and formal dinner were held at the home of the bride following the ceremony. Mr. and Mrs. Dorrow will live on a farm, southwest of Dale, which is owned by Mrs. Meyer.

### TRUCK DRIVER NARROWLY ESCAPED SERIOUS INJURY

(Special to Post-Crescent)  
Deer Creek—Eldon Richardson, truck driver for the Borden milk condenser of New London, nearly had a bad accident just north of Deer Creek when his steering gear gave way, sending his truck into a deep ditch. He escaped with only a broken front wheel.

Mr. and Mrs. N. Anderson, Mr. and Mrs. H. E. Anderson and wife arrived at Sturgeon Bay Saturday, returning Sunday.

Georg Kluth left for Chicago where he will spend a few days.

Mr. and Mrs. Andrew Leonard and daughter spent the weekend with B. Leonard and family at Kewaunee.

Mrs. A. Leonard and daughter, Leon and Myra, motored to Appleton Thursday.

Do more than ask for a can of milk. Ask for Danish Pride Milk and get it.

If you need exercise follow the crowd to Valley Queen, 12 Corners. Roller Skating. Admission 10c.

## NEWLY DECORATED THEATRE WILL BE OPENED THURSDAY

New London Amusement House One of Finest North of Milwaukee

(Special to Post-Crescent)  
New London—The beautiful newly decorated Grand theatre will be formally opened to the public Thursday night after being closed for nearly two months while it was being repaired, renovated and redecorated. The theatre now is one of the finest north of Milwaukee for beauty and luxury of fixtures and furnishings.

One of the most important improvements was installation of a splendid pipe organ that compares favorably with organs found in cities the size of New London. New light fixtures, new upholstered seats, new projection machine, new screen and new draperies also were installed. The Grand theatre is one of the oldest and best known amusement houses in this part of the state.

## NICHOLS PERSONALS

(Special to Post-Crescent)  
Nichols—Mr. and Mrs. Herman Clark of Kansas City, Mo., spent several days here last week. Mr. Clark inspected heating plants at the various schools in this locality.

Mrs. A. Allen and Mrs. Joseph Boody of Leeman visited friends here last week.

Mrs. Frank Kath who has been quite ill is recovering.

Verna Allen of Appleton visited at the William Marx home here last week.

Hazel Holla spent the weekend with her mother at Pulifer.

Mrs. Ray Mansfield and children of Appleton spent several days here last week with her parents, Mr. and Mrs. L. Jackson.

Esther McClone of Appleton visited at the William Marx home here last week.

G. F. Dieler of Milwaukee visited the Glare shield plant this week.

M. D. Leeman of Green Bay, was a caller here Monday.

Owen Daily left Tuesday night for St. Paul where he will spend several weeks on business.

## T. P. DAVIS NAMED ON FIRE BOARD TO SUCCEED EGGERT

Mayor Says Appointment Was  
Made to Give Representa-  
tive to Labor

Thomas P. Davis, 330 Second-ave., was appointed by Mayor John Goodland, Jr., Wednesday to succeed William Eggert on the Appleton police and fire commission. Mr. Eggert, who attended his first council meeting Wednesday evening, resigned from the commission following his appointment as alderman from the Second ward to fill the unexpired term of John F. Leppen.

"I selected Mr. Davis as the representative of organized labor," said Mayor Goodland. "While organized labor does not desire all the offices, it is entitled to a square deal and should be represented on various governing boards."

Mr. Davis is employed as a station ticket clerk at the Chicago and Northwestern railway station and is vice general chairman of the Brotherhood of Railway Clerks of the Northwestern system. Terms of office of police commissioners are for five years each, but Mr. Eggert had already served two years of that term. It will expire in May, 1927.

## NEW SERVICE SCHEDULE AT ST. MATTHEW CHURCH

A change in the program of church services in St. Matthew Lutheran church will be made for the next three Sundays, because of the absence of the pastor, the Rev. Ph. A. C. Froehke, who will preach at mission festivals at Enterprise and Coloma. Next Sunday, the Rev. E. E. Ziesemer will have charge of the German services, which will be held at 9 o'clock. On the following Sunday, Aug. 17, he will preach the English service at 9:30, and on Sunday, Aug. 24, a mission festival will be held, with German services at 10 A. M. and English at 7:45.

## LEGSORES

ARE CURABLE. If you suffer from Leg Sores or Varicose Ulcers, I will send you absolutely FREE a copy of my famous book that tells how to be rid of these troubles for all time by using my remarkable painless treatment. It is different from anything you ever heard of, and the result of over 35 years specializing. Simply send your name and address to Dr. H. J. WHITTIER, Suite 925, 421 East 11th Street, Kansas City, Mo., adv.

## BAND RETURNS FROM CAMP NEXT SUNDAY

Camp Douglas — Friday will mark the close of active camp duty for the more than 1,500 Wisconsin National Guardsmen included in the field artillery camp here. Saturday will be spent in final athletic events to determine regimental and camp championships.

Saturday afternoon the guardsmen will line up for pay checks and on Sunday, the units will entrain for their home stations.

Preparations have been completed by camp officials for entraining the guards and the caravan of uniformed men will move out of camp Sunday morning. By Sunday night, with the exception of a few clean up men and officers, Camp Douglas reservation will again be deserted of its military color.

## WOMAN BREAKS LEG IN FALL DOWN STAIRWAY

The condition of Mrs. N. Jones, 1125 Spencer-st., who splintered the bones of a leg and injured a shoulder by a fall down a stairway at the office of John King & Son, 1950 College-ave., a week ago, is improving daily. Wednesday she was conveyed to St. Elizabeth hospital, where an X-ray picture was taken of her injuries.

## 54 LOTS INCLUDED IN NEW ADDITION TO CITY

With the incorporation of the Dennhardt plat in the Sixth ward in the street map of Appleton, sale of lots will begin on Aug. 16. The plat is owned by Julius B. Dennhardt, former mayor of Neenah and state senator from Winnebago-co.

The plat is in block 37 of the Sixth ward and has been platted into 54 lots. It is bounded by Dwyer and McAdams and adjoins Erb park.

We do expert shoe repairing at low prices. We call for and deliver without extra charge.

## SHOW 2,000 CATTLE AT WISCONSIN FAIR

All Records for Number of Cat-  
tle Exhibits Broken This  
Year

Milwaukee — Two thousand purebred cattle, the largest number in the history of the Wisconsin state fair, have been entered for exhibition at the 1924 show which opens Aug. 25. Entries were announced as closed on Aug. 1. Secretary Owen Remey said today, but a considerable number of which were placed in the mails on that date have been accepted and the dairy cattle show, as a result, will eclipse any similar competition ever held in this country.

The acceptance of mail entries was made possible by the completion of a new cattle building which will give room for about 600 more animals than could be placed under roof last year.

From all parts of the country the prize herds have been named and indications point to a display hitherto unexcelled as to quality as well as numbers. Many of the nationally famed animals are to be shown in Holstein, Guernsey, Jersey, Ayrshire and Brown Swiss breeds, and an analysis of entries shows that 405 are specimens of beef cattle. The display will include the prize animals of the boys and girls of Wisconsin who have been competing in club efforts.

## JULY WAS BUSY MONTH FOR APPLETON PLUMBERS

Excellent business was done by Appleton plumbers during the month of July. It is apparent from the monthly report of John Bauer, city plumbing inspector. Yet the receipts for permits amounting to \$205 were \$34 less than fees collected in June.

The inspectors issued permits for installation of 375 plumbing fixtures, classified as follows: Water closets 88, floor drains, 75, wash basins 65, conductors 15, sinks 52, bath tubs 32, laundry tubs 3, shower baths 20, slop sinks 12, drinking fountains 6, urinals 10. Permit fees for fixtures amounted to \$129.

In addition to these permits, the inspector also issued 16 sewer permits, 3 sewer repair permits and 31 permits on water service contracts, collecting a total of \$50.

## JOHNSON CONFIDENT OF WINNING BACK OLD JOB

Henry Johnson, candidate for state treasurer, was in Appleton Thursday visiting friends and talking state politics. He was much interested in political sentiment here and declared he believes he will be swept back into office this year. Mr. Johnson was state treasurer for several terms prior to 1923 when he was succeeded by Solomon Lovitan, present treasurer.

## LOTS OF PASSENGERS FOR "SIDE DOOR PULLMANS"

## TELEGRAPH LINES DAMAGED BY STORM

Telegraph operators at Appleton Junction have been undergoing a re-education of the inconvenience caused by the sheet storm several years ago when traffic was tied up for several days. The trouble this time was due to washouts and an interruption of telegraph service caused by damage to wire lines. Many trains were tied up for nearly 48 hours and from the time of the storm until conditions became normal it meant long hours for the operators and railroad employees generally. M. Steed of Janesville, head lineerman for the Northwestern Railway company, inspected the lines at Appleton Junction Wednesday, coming here from Neenah. From here he went to Green Bay on a tour of inspection.

been seen here for some time. They may be seen on nearly every train and number all the way from one or two up to a dozen. Fifteen were counted by a flagman on one train early in the week. In fair weather many of them ride in gondola cars. They are headed in no particular direction, about as many going north as south.

## ALL DAY PROGRAM PLANNED FOR LOMIRA CONVENTION

Lomira—Religious lectures and sermons and recreational activities will feature the thirteenth annual convention of the Evangelical League of Christian Endeavor, August 12 to 17. Under plans announced by the Rev. G. H. Dium, Monroe, president of the state organization.

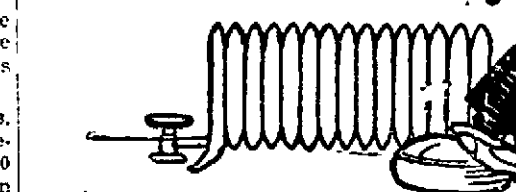

More than 500 members of the league are expected to attend the camp at the Evangelical camp grounds near here.

A continuous round of religious, social, and recreational activities, beginning with a morning watch at 7:30 a. m., and closing at 5 p. m. with an address by a nationally known speaker will occupy each day of the convention.

## SWIFT CURRENT IN FOX HINDERS NAVIGATION

Because of the swift current, tugs hauling coal from Green Bay to Oshkosh are doubling up to get through the drawbridge of the Chicago, Milwaukee & St. Paul Railway company. Four of the five sluice gates of the government dam near by are in address by a nationally known speaker will occupy each day of the convention.

## And Grandma Knows!

"MY old bones had a most comfortable winter. Jim showed me good sense when he put in that new Thatcher Round Boiler last fall than he has displayed in many years. I used to be afraid to move around from room to room because each one seemed colder than the other. Now every room is delightfully warm. Take it from me, Grandmothers will feel happier in homes heated with a Thatcher."

Conservatively rated—saves coal.

Thatcher Round Boilers come in five series—with a size for every need—either steam or hot water. Write for new booklet "Helpful Hints on Heating."

## THATCHER HEATERS & RANGES

## ABUSES IN BATTERY FIELD IS BATTLED BY COMMITTEE

Illegitimate Practice of Advertising Is Being Stopped By Ad Club

The National Vigilance Committee of the Associated Advertising Clubs of the World has finally taken a definite stand in regard to abuses in the battery and automotive electrical field which are undermining public confidence in the industry.

The committee has found that certain practices not only misleading and deceptive, but in numerous instances partaking of fraud, are not sporadic, but are quite general in many localities and that prompt steps in prevention must be taken unless they are to become the general rule.

Mr. Schroeder, local Willard dealer is authorized for the statement that the National Vigilance Committee proposes to direct attention to these abusive practices in order that the public may be protected and given a dependable guide, and that legitimate concerns be provided with a standard on which better business methods may be presently built.

"No phase of battery advertising has been more abused than the guarantee clause or certificate," states the report of the committee.

"Prosecutive purchasers are told by one manufacturer that its batteries are 'Unconditionally Guaranteed for a year.' The next says unconditionally guaranteed for ten years and so on, and the other until three four and five year limits are reached and the time guarantee becomes reprehensive, incapable of fulfillment, and of no advertising value to the reputable manufacturer who may care to use a guarantee."

"Other battery makers state that their product 'Will Outlast the Car' and 'Buy the Best Battery and Your Troubles Are Over.' To meet these claims competitors counter—'Outlast Four Ordinary Batteries,' 'Will Outlast Any Other Battery on the Market,' and so on.

"In addition to these there are the general guarantees made for second hand or so-called 'Rebuilt' or 'Reconstructed' batteries, which are offered and sold to motorists with the guarantee of the rebuilder. When trouble comes the user often learns to his sorrow that he has simply purchased a 'Guarantee' and not a battery.

The National Vigilance Committee further states that the motoring public is being imposed upon from time to time by unscrupulous concerns who offer a remedy for all battery troubles through the medium of pastes, fillers, solutions and other compounds. "Tests of several of these 'dope' solutions, indicate that while apparently they give a battery greater momentary 'kick,' they often contain ingredients which are absolutely ruinous to the plates and separators, thereby shortening the life of the battery from fifty to seventy-five percent," says the committee's report.

The committee also cautions the motoring public against those few service stations, known and advertised as the authorized agent for a named manufacturer who are proved to trade upon the established reputation of the manufacturer by carrying on a questionable business in the substitution of foreign and inferior parts in the reconstruction of batteries.

"The automobile owner is at the mercy of a battery service station in the matter of having his battery charged, changed, rebuilt, or repaired, for it is impractical to disassemble a battery and identify the parts the repair station puts out."

The committee also cautions the motoring public against those few service stations, known and advertised as the authorized agent for a named manufacturer who are proved to trade upon the established reputation of the manufacturer by carrying on a questionable business in the substitution of foreign and inferior parts in the reconstruction of batteries.

"The automobile owner is at the mercy of a battery service station in the matter of having his battery charged, changed, rebuilt, or repaired, for it is impractical to disassemble a battery and identify the parts the repair station puts out."

"Absolute remedy and prevention of these abuses rest only in the power of the motoring public which is losing millions of dollars every year because of such practice."

## Proud Mothers Await Return Of Sons From Epoch-Making Flight Around The World

BY NEA SERVICE

THEY are the proudest mothers in America. And well they may be! The whole country—and for that matter other countries, too—are singing the praises of their boys.

For their sons are adding a new chapter to history. Their boys are circling the globe, through the air, for Uncle Sam.

And now they are coming home. Fully aware of the dangers their sons would encounter, these mothers, like the Spartan mothers of old, sent their boys away last March with smiles on their lips.

PLEW WITH HIM

But let these women spend for themselves.

"I wouldn't have stopped Lowell from flying around the world for anything," says Mrs. Jasper G. Smith of Los Angeles, mother of Lieutenant Lowell Smith, who received command of the flight after Major Frederick Martin crashed into an Alaskan mountain.

"I'd go, too, if I were a man. I'd like to fly some more."

Yes, I flew with him a few weeks before he left. It was in San Diego.

"He took me 100 miles an hour, so I could see what it was like. And, oh, it was the most inspiring feeling I've ever had."

Lowell was an instructor at Kelly Field, so good they kept him there when others were going to France. But he finally got overseas. Just after he wrote that he was selected to head a division flying into Germany, the armistice was signed.

In Los Angeles is Mrs. Robert Harding, whose son John is the ranking second lieutenant and mechanic on the New Orleans, ship No. 4 of the fleet.

"All his life, everything he's done, John always has come to me first," she declares.

ASKS MOTHER'S ADVICE

"When they called him from McCook Field for this 'round-the-world' flight, he put it up to me. But I wouldn't decide for him. I never would stand in his way. And I've never felt the slightest doubt as to his safety."

"Flying has changed my boy. Before the war, when he was preparing for an engineering course at Vanderbilt University in Nashville, Tenn., he had the smoothest, softest skin, the reddest cheeks. Now his face is tan and his hair is graying."

"But he's still the handsomest boy I ever saw. Here's a photograph of him with his officer's cap on. People often mistake it for a picture of the Prince of Wales."

"He expected the trip to be hard. Before they took off in March, he said, 'If anyone thinks this thing is going to be fun, they're crazy.'"

It isn't John's first long flight. He flew around the rim of the Arctic in 1919.

In Spokane, Mrs. Cora L. Arnold is waiting for her son, Lieutenant Leslie P. Arnold, another one of the pilots.

"I'm not at all worried about Leslie," she says. "In all the time he has been flying, he has had only one accident. And that wasn't serious."

"That was in Memphis, when he was forced to make a landing on top of a henhouse. But he escaped without a scratch."

LETTERS FROM WADE

"Leslie was an instructor in the air service both in this country and in France during the war. He is a

VOCATIONAL SCHOOL IS PREPARED FOR FALL TERM

The floors and halls of Appleton Vocational school are being cleaned and many of the rooms are being prepared for the school's opening in the fall. Work tables in the kitchen and a cupboard have been repaired, a new press and ironing stone are expected to arrive soon for the printing department and a new speed lathe, a 24-inch jointer and a 30-inch planer are ready to be installed in the wood-working department.

"The automobile owner is at the mercy of a battery service station in the matter of having his battery charged, changed, rebuilt, or repaired, for it is impractical to disassemble a battery and identify the parts the repair station puts out."

The committee also cautions the motoring public against those few service stations, known and advertised as the authorized agent for a named manufacturer who are proved to trade upon the established reputation of the manufacturer by carrying on a questionable business in the substitution of foreign and inferior parts in the reconstruction of batteries.

## End your foot troubles

## Positive and Instant Relief with Dr. Scholl's Foot-Eazer

Straining and weakening of the muscles and ligaments that support the arch of the foot is the direct cause of most foot ailments. When these muscles and ligaments become weakened they allow the arch of the foot to sag and break down under the body's weight. Thousands of people are suffering from this condition without knowing the nature of their trouble. They only know that they have tired, aching, burning feet, weak ankles, pain in the legs and back, pain in the heel, cramped toes, corns, bunions, callouses, etc.

Dr. Scholl's Foot-Eazer is a scientifically made device that bridges the feet from heel to ball. It gently but firmly supports the arch—relieves all strain on the acting muscles and ligaments—instantly relieves all foot trouble. The Foot-Eazer is light in weight, springy and durably made. It is always comfortable. Being made of two finely tempered special silveroid springs, it is self-adjusting to any foot. It has just enough "give" to tone up the weakened muscles—thereby giving permanent relief. No larger shoes need be worn.

Call today and see our Foot Comfort Expert. Let him give you a free demonstration. You will be astonished at the relief and comfort you will receive from Dr. Scholl's Foot-Eazer and Foot Comfort Appliances.

### Certain Relief from —

1. TIRED FEET. Dr. Scholl's Foot-Eazer immediately relieves the strain from overworked muscles.
2. WEAK ANKLES. Dr. Scholl's Foot-Eazer immediately relieves the strain on the ankles.
3. PAIN IN THE LEGS. Dr. Scholl's Foot-Eazer immediately relieves the strain on the legs.
4. RHEUMATISM. Dr. Scholl's Foot-Eazer immediately relieves the strain on the joints.
5. PAIN IN THE HEEL. Dr. Scholl's Foot-Eazer immediately relieves the strain on the heel.
6. FLAT FOOT. Dr. Scholl's Foot-Eazer immediately relieves the strain on the foot.
7. CRAMPED TOES. Dr. Scholl's Foot-Eazer immediately relieves the strain on the toes.
8. CORNS, BUNIONS, CALLOUSES. Dr. Scholl's Foot-Eazer immediately relieves the strain on the skin.

# Red Crown

The High-Grade Gasoline

## Is the Business Gasoline

MANY motorists have put Red Crown in the tanks of their coupes, limousines, touring or other passenger cars, after having proved in their trucks that for service and economy, Red Crown is the business gasoline.

One of the large packing houses writes:

"We find that Red Crown Gasoline gives entire satisfaction in our large fleet of motor trucks—starting easily, accelerating rapidly, and giving excellent mileage."

"In our business every truck must move on time. Dependability is essential in order that exacting schedules may be maintained in the distribution of perishable products."

"Included in our fleet are trucks of various makes and sizes, from 1-ton delivery cars to 15-ton tractor trailers, and they operate efficiently on Red Crown Gasoline."

Summer tourists will find Red Crown everywhere in ten Middle Western States, and everywhere the same. By using Red Crown, they will get more and better mileage; uniformity in quality, thoroughly dependable operation with consequent avoidance of the irritation and delay occasioned by constant carburetor adjustments.

Use Red Crown and enjoy a banner mileage summer.

# SOLITE

(REG. U.S. PAT. OFF.)

## A Perfect Gasoline

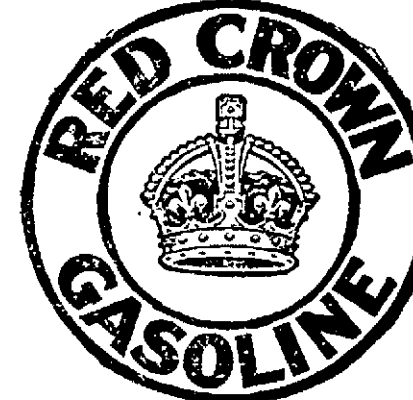

is for the motorist who demands a little quicker action from his car and is willing to forego extreme economy.

# COUNCIL ORDERS 'DUMMY COPS' TO REGULATE TRAFFIC

Automatic 'Stop and Go' Signs  
Will Be Sent Here for  
Trial

A contract for paving the alley in block 6, Second ward, which is the alley adjoining the Post Publishing company bldg and the printing shop of C. Roemer estate, was awarded by the common council Wednesday evening to Louis Walthman.

Walthman's bid for paving the alley was lowest at \$2.74 per square yard of concrete. The alley, which extends from Appleton-st to Superior-st, will be 16 feet wide and a total area of 552.6 square yards, thus making the total cost about \$1,500, which will be assessed against the owners of the abutting property.

Action to pave the alley was begun several years ago and involved some legal impediments. Several buildings were moved back in order to widen the alley, and a few other obstructions will be removed before the paving project is undertaken. The contractor has 60 days in which to complete the project.

**NINE ARTERIALS**

Preliminary steps were taken by the council to add two new routes to the city's system of arterial high ways. The council adopted the street and bridge committee's recommendation to add the following streets: Pacific-st, from Linn-st to Franklin-st, and also Linn-st, from Pacific-st to Wisconsin-ave, otherwise known as Second-ave. The arterial highway ordinance will first have to be amended to make action effective.

The council also adopted that the committee's recommendation to order an automatic traffic signal on approval. It is planned to install such a signal at some of the busy intersections in College-ave.

**ZONE ORDINANCE UNCHANGED**

As a result of the objections voiced at a recent hearing conducted by the ordinance committee relative to certain amendments to the city zoning ordinance whereby portions of the residential districts would be transferred to the commercial and light manufacturing zones, the amendments were rejected by the council Wednesday.

A recommendation of the fire and water committee to install a bubbler at the corner of Walnut-st and College-ave was accepted. The mayor also suggested installing a motor to operate the pump in Soldiers-ave, and installing a bubbler here. The matter was referred to the same committee for investigation.

A brief dispute ensued over the question of accepting the Dennhardt plat in the Sixth ward. It was found that although the map of the plat complied with the laws of 1921 it did not fully comply with those of 1923, but the map was corrected by the city engineer and attorney. Objection was raised because the owner J. E. Dennhardt presented a blue print instead of the original tracing. Mr. Dennhardt promised to bring the

## BIRTHS

A daughter was born Sunday, July 27, to Mr. and Mrs. Bert Wittlin of Center. Mrs. Wittlin formerly was Miss Gella, nee of Ellington.

A son was born Monday Aug. 4 to Mr. and Mrs. Frank Van Aghmoal, 318 Monroe-st.

original tracing. On these conditions the plat was accepted.

**IGNORE LOCAL LABOR**

A complaint was presented to the council by officers of the Green's Dry Goods company against the practice of the contractors building the two junior high schools. It was said that the contractors were giving preference to out of town labor and rejecting local help. The complaint was referred to the board of public works.

Chief George P. McGillan of the fire department was given permission to attend the annual national convention of fire chiefs which will take place at Buffalo, Aug. 17 to 21.

Plans and specifications were presented by the city engineer for grading and cinderling the proposed street leading from Foster-st to Seymour-st. This is to be an outlet for traffic from the Cherry-st bridge.

Aldermen of the Fourth ward were instructed to select a name for the new street.

Acceptance of the bid of Parker-Simpson company for paving of Linn-st was rescinded and bids were ordered readvertised for.

Plans and specifications for a storm sewer on Richmond-st were submitted by the engineer. They were accepted and referred to the board of public works for the purpose of advertising for bids. Bids also will be advertised for to pave Cherry-st from the north end of the bridge to Prospect-st.

Engineer Connelly proposed filling in the ravine at Mason-st near the Chicago and Northwestern railway tracks south of Second-st instead of building a footbridge. He said the cost would be about the same and the fill would be a permanent improvement. The cost of filling would be about \$462, he said.

Bids on furnishing city buildings with coal were received from Balliet Supply company, Marston Brothers, Ideal Lumber and Coal company, John Haug & Son, and J. A. Gardner, and were referred to the grounds and building committee.

Five bids were received on installation of an oil burning heating system in the city hall as follows: Automatic Regrinding and Welding company, Appleton, \$900; George Wiese, Appleton, \$1,343; Automatic Burner company, Milwaukee, \$735, plus \$400, for added equipment; S. E. Johnston Oil Burner agency, Fond du Lac, \$1,380; W. S. Patterson company, Appleton, \$1,473. The bids were referred to the committee on public grounds and buildings.

The following bids for installation of boilers in the City home were referred to the committee on poor: W. S. Patterson company, \$2,033, less \$110 allowance on old boilers; Wenzel Brothers, \$1,822.14, less \$100; John Engel, \$1,630, less \$100.

A proposal of the Wausau Iron works relating to laying of gas and water mains on the Cherry-st bridge for the sum of \$1,995 was referred to the board of public works.

The question of acquiring right-of-way for continuing River-rd from Water-st to Alicia park was revived by Alderman Charles Fosse. It was referred to the committee on streets and bridges for investigation.

# DON'T NEED LICENSE TO OWN BEAUTY SHOP

Owners of beauty parlors are exempt from licensing as long as they employ regularly licensed proprietors or managers, according to an opinion received by John A. Lonsdorf, district

attorney, from the state attorney general's department.

The opinion was requested by an Outagamie-co officer with respect to the licensing of a beauty parlor owner, according to Mr. Lonsdorf. As long as the owner does not herself act as manager of the parlor without a license, she is within the law, the attorney general declared.

**Replace Abutment**

A. F. Everett, in charge of Fox river improvement, has a crew of men at work replacing an abutment at the north end of the government dam at Little Chute. The work will require about three weeks and will not interfere with navigation.

Mr. and Mrs. Edward Schmlego and daughter Bernice have returned from a four day auto trip to Ironwood, Mich.

We Own and Offer a Part of—

**\$25,000,000**

# Kingdom of Norway

**Twenty Year 6% External Loan Sinking Fund Gold Bonds**

Dated August 1, 1924

Due August 1, 1944

**NON-REDEEMABLE EXCEPT FOR SINKING FUND**

Interest payable February 1 and August 1. Coupon bonds in denomination of \$1,000, registrable as to principal only. Principal and interest payable in New York City in United States gold coin of the present standard of weight and fineness at The National City Bank of New York, the Fiscal Agent of the loan, without deduction for any present or future Norwegian taxes, in time of war as well as in time of peace, irrespective of the nationality of the holders.

Norway agrees to redeem the entire loan through a cumulative sinking fund, payable semi-annually, commencing February 1, 1930. The Government may itself purchase bonds for the sinking fund or shall redeem the requisite amount of bonds by lot semi-annually at par.

These bonds are the direct obligations of the Kingdom of Norway, which agrees that if, in the future, it shall sell, offer for public subscription or in any manner dispose of any bonds or loan secured by lien on any revenue or asset of the Kingdom, the bonds of this loan shall be secured equally and ratably therewith.

We highly recommend for investment the Kingdom of Norway bonds herein described.

The thrifty character of the Norwegian people and the conservative financial policy of their government justifies the high credit standing of the nation.

No default of principal or interest has ever taken place on a Norwegian National Government Loan.

The total national debt as of June 20th, 1924 was \$423,383,720. As an offset the state owns properties valued at \$335,000,000, consisting of railroads, telegraph and telephone lines and hydro-electric developments. The proceeds of the present issue will be used to fund short term indebtedness.

These bonds will be listed on the New York exchange and will be very salable.

**\$25 IF YOU SPOT GREEN CIRCLE MAN HERE ON SATURDAY**

**Mystery Man Will Be in Crowds on College-ave Saturday Afternoon**

Are you good at spotting details of a man's dress? If you are, and are lucky as well, you can earn \$25 for a few minutes' work Saturday.

The Mysterious Green Circle Man, for whose identification \$25 will be paid, will be in Appleton Saturday afternoon. Somewhere on "is clothing will be the Green Circle design. He will appear somewhere on College-ave between Superior and Durkee sts. between 5 and 6 o'clock.

In order to assure against any slip-up in the plans, he has arranged to arrive in Appleton Friday, so as to be sure to be on time.

**WANTS TO BE CAUGHT** He wants to be caught, but he isn't going to make it any too easy for those who want to catch him.

The opportunity to earn this reward for quick perception is open to every resident of Appleton having only Post-Crescent employees, and the earnings should be easy.

The Green Circle Man says he will use every trick he knows to elude capture. Further he warns that unless he is given the proper solution, he will not be caught, and that the solution must be delivered while the captor has him caught—not as he flees down the street.

The solution needed is: "You are the Mysterious Green Circle Man with the \$25 in gold."

**WILL ADMIT IDENTITY** If you catch the right man, immediately he will acknowledge his identity. If the wrong phrase is used, he will not admit his identity, and he will try to get away while the phrase is being said, and he admits his identity, bring him to The Post-Crescent office, and the reward will be paid.

The four-block space in which he will appear Saturday, between Superior and Durkee streets on College avenue, is a comparatively small area, and the chase should be short. The excitement and fun will more than repay the losers for their time. At the same time, they may win the \$25 for a few minutes' use of their keen sight.

But remember the solution. "You are the Mysterious Green Circle Man with the \$25 in gold."

**A Free Booklet on the Care of the Teeth.**

Nothing is more important to the health than proper care of the teeth.

Medical science has discovered that many illnesses such as rheumatism, neuritis, neuralgia, headaches, heart trouble, abscesses, skin troubles, boils and nervousness may be caused by decayed teeth.

Therefore each one of us, from childhood on, should know just how to preserve the teeth for the lifetime work before them.

All this knowledge is contained in a booklet on the "Care of the Teeth" which is offered for free distribution by this information bureau.

To obtain this booklet simply fill out and mail the coupon below, enclosing two cents in stamps for return postage. Write your name and address clearly.

Frederick J. Haskin, Director, The Appleton Post-Crescent, Information Bureau, Washington, D. C.

I enclose herewith two cents in stamps for return postage on a free copy of the booklet CARE OF THE TEETH.

**Says His Prescription Has Powerful Influence Over Rheumatism**

Mr. James H. Allen, of Rochester, N. Y., suffered for years with rheumatism. Many times this terrible disease left him helpless and unable to work.

He finally decided, after years of ceaseless study, that no one can be free from rheumatism until the accumulated impurities, commonly called uric acid deposits, were dissolved in the joints and muscles and expelled from the body.

With this idea in mind he consulted physicians, made experiments and finally compounded a prescription that quickly and completely banished every sign and symptom of rheumatism from his system.

He freely gave his discovery, which he called Allen's, to others who took it, with what might be called marvelous success. After years of urging he decided to let sufferers everywhere know about his discovery through the newspapers. He has therefore instructed druggists everywhere to dispense Allen's with the understanding that if the first pint bottle does not show the way to complete recovery he will gladly return your money without comment.

Voigt's Drug Store can supply you adv.

## Trees And Scenery Furnish Inspiration For Farm Names

Names of the 115 farms registered at the office of the register of deeds are influenced largely by the trees surrounding them. Names suggestive by the scenery of the farms also are popular while other elements of nature occasionally are called upon to furnish inspiration. Only a few of the names are unusual and show imagination. Among the latter group are Acreworth, Corner Lot, Hayview, Fed Acre, Nanatuck, and Saunter.

Lone trees are especially popular as witnessed by Lone Elm farm, Lonely Pine, Tree farm, Lone Hickory farm, Lone Oak farm, while the twin trees are as much in favor, there being Twin Walnut Stock farm, Twin Oak farm, Twin Elm Stock farm and Twin Pine farm. These named for trees include Beach Grove farm, Cedar Lawn farm, Cedar Grove farm, Evergreen Dairy farm, Elder Lane farm, Evergreen Guernsey farm, Elm Lawn Stock and Elder Lawn farm, Hickory Valley Stock farm, Hickory Grove farm, Linden Lawn farm, Maple Grove farm, Maple Leaf farm, Maple Lawn farm, Maple Grove Stock farm, Maple Hill Dairy farm, Maple View farm, Oak Leaf farm, Oak Grove farm, Pine View farm, Pine Grove farm, Pine Grove Fruit farm, Silver Maple Archduke Stock farm, White Pine farm.

Closely related to trees are such names as Woodawn farm, Wood View farm, Wild Wood Stock and Poultry farm, Shady Lawn Dairy farm, Shady Crest farm, Shady Lawn farm, Glen Forest farm, Forest View farm and Elmire farm. Other names inspired by works of nature include Brookside, Bob o'Link Dairy farm, Clover Dale farm, Cloverleaf farm, Fern Dell farm, Goldenrod farm, Green Fields farm, Hill Crest Dairy farm, Hill Side farm, Hillside farm, Highland Stock farm, Klover Nook farm, Lawn Crest farm, Pond Corner farm, Pleasant Hill Dairy and Stock farm, Roselawn farm, Rock Spring farm, Ravine farm, Rosedale, River View farm, River Side Stock farm.

The views, the valleys and the slopes cause many farms to be named. Among them are Apple Creek Valley farm, Clear View farm, Center Valley Dairy farm, Center Valley Stock farm, County View farm, Fair View farm, Grand View farm, Green Valley farm, Green Valley Stock farm, Green Valley Guernsey farm, Green Valley Homestead, Longview Stock and Grain farm, Pleasant View farm, Pleasant View Stock farm, Pleasant Valley farm, Sunny Slope farm, Sunny Lawn Stock and Dairy farm, Sunny Side Dairy farm, Valley View farm, Valley Queen farm, Valley View Stock farm.

Among the other names in Outagamie are Cicero Stock and Dairy

## LITTLE MARKET FOR HIGH PRICED CATTLE

Foreign Competition and Low Farm Prices Prevent Farmers from Buying

BY W. F. WINSEY

W. H. Steffensen, Good Hope farm, one of the large Appleton breeders of Holstein cattle said a short time ago that "the prospect for the immediate sale on a large scale of high priced cattle is not very bright."

"To some extent," continued Mr. Steffensen, "buyers are holding back on account of the usual uncertainty of presidential election year. Importations of butter and cheese from Denmark, Argentina, and Australia, on account of cheaper money and labor abroad and the fact that a pound of butter can be shipped a cent a pound cheaper from Europe to New York than from Wisconsin to New York are coming in direct competition with American products. The large quantity of condensed milk in storage plants not only reduces the price to the consumer but also to the producer of milk."

"The present high price of farm la-

## 25 PER CENT BOOST IN PAPER SHIPMENT

While valley papermills have been running light the greater part of the summer, they nevertheless have been turning out more paper than during the summer of 1923. For the month of July shipments of paper out of Appleton show an increase of 25 per cent over the shipments for the same month last year.

The movement of freight in other lines also shows an increase, particularly in pulpwood and merchandise. Grain is commencing to move in northern Iowa and southern Minnesota, but very little of it is shipped by way of Appleton. Coal is commencing to move and the freight business generally is picking up, according to W. B. Easing, general agent of the Northwestern road.

## Quick Relief for Rheumatics

Local Druggists Sell Rheuma on Money-Back Plan

If you suffer from torturing rheumatic pains, swollen, twisted joints, and suffer intensely because your system is full of uric acid, that dangerous poison that makes thousands helpless and kills thousands years before their time, then you need Rheuma, and need it now.

Start taking it today. Rheuma acts at once on kidneys, liver, stomach and blood, and you can sincerely exclaim: "Good riddance to bad rubbish."

Many people, the most skeptical of skeptics right in this city and in the country hereabouts, bless the day when Schlitz Bros. Co. and other good druggists offered Rheuma to the afflicted at a small price and guaranteed money refunded if not satisfied. If you have rheumatism get a bottle of Rheuma today.

**Compare! Look Before You Buy**

**The CONTINENTAL**

bor and the demand that short hours and other city conditions be introduced on the farm prevents the farmer from buying high priced cattle and extending his dairy business.

"Not enough farmers are raising their own dairy feed on their own farms but are paying out the profits that otherwise they might spend for improved dairy cattle for commercial feed."

"Too wide a margin exists between the price the producer gets for his product and the price the consumer pays."

"The principal cause, however, of the slump in the market for purebred cattle is a shortage of money this year, due to the fact that price of potatoes, the chief crop, is very low."

## Weak Eyes? Camphor

If you have weak, aching eyes try simple camphor, witchhazel, hydrazis, etc., as mixed in Lavoptik eye wash. One small bottle helps any case weak, strained or sore eyes. Aluminum eye cup free. Voigt's Drug Store, 757 College-Ave. In Black Creek by A. A. Gerl, druggist.

## WATER IN FOX RIVER AS HIGH NOW AS IN SPRING

Water in Fox river is as high now as it was any time this spring. This does not mean that high water mark has been reached or that property is endangered. The only inconvenience so far has been caused by back water, and very little has been reported by mill men.

## HEAL SKIN DISEASES

Apply Zemo, Clean, Penetrating, Antiseptic Liquid

# MY=LO

Just as Healthy as the Outdoors  
Sparklingly Refreshing  
The Drink for Everybody  
Delicious  
Any Flavor You Wish

## It's here!

AT LAST—the perfect fountain drink—My-Lo Soda! A distinct attainment in beverages! Rare deliciousness, perfect refreshment, extraordinary vitamin value—temptingly combined in the finest flavored fountain drink ever concocted.

My-Lo Soda is the realization of a dream of that famous scientist, Joseph E. Amend—a dream in which he pictured a soda fountain as a health-dispensing spot—comparable on a small scale with famous watering places.

In 1906 he began actively to work on the idea that a milk base, containing milk, malted milk, eggs and other ingredients skillfully combined and charged with carbonic gas would make a beverage, whose very deliciousness when flavored with a fruit or other syrup, would vie with its wealth of delightful exhilaration. His untiring efforts, and the assistance of the best chemists available, have now given the world My-Lo.

**Try a My-Lo Soda Today**

In every mouthful of this glorious combination of milk, eggs and malted milk, there's the very essence of rosy cheeks, freshened spirits, and healthy happiness.

Delicious and pleasing to the palate, My-Lo Soda is so perfectly proportioned in its food properties that it digests immediately. And the healthy after effects are instantaneous. As it quenches your thirst, it invigorates your whole system with its rich, healthful qualities. Get a My-Lo Soda today, you'll like it immensely.

# Green Bay Fans Plan To Invade Appleton With Brabymen Sunday

Special Section Reserved for Visitors at Brandt Park Who Expect to Witness Stack-Wolynski Duel.

Green Bay will be represented by a large, enthusiastic crowd here Sunday when the Brabymen invade Brandt park for a contest with the Papermakers. A special section of seats has been reserved for the Bay fans and the size of the crowd is expected to rival that at attendance at the last home game which brought the Pails here. The sensational sport of the Brabymen which carried them through to seven straight victories has won them unusually strong support in their home town and attracted favorable comment throughout the circuit.

The Sunday tilt will be a pitcher's battle between Wolynski and Eddie Stack. The Green Bay star is undefeated this season and the records show him to be one of the loop's premier pitchers. Stack has never met him in a game, and interesting developments are expected when the two meet for the first time. Stack holds the strikeout record in the league and is among the first five hurlers on the league records. With decent support Eddie should be able to stop the rush of the Brabymen and as the Papermakers have profited by their two weeks' rest they are looking forward to a victory.

Eddie Weisgarber will be back in the center garden Sunday with one of the Smith boys in rightfield and Harry Sylvester in left. The rest of the Appleton lineup probably will be the same as usual. Eddie Stump has recovered from his slump of two weeks ago and will be back on the job with his usual pep.

## Do you know Baseball?

by Billy Evans

**QUESTIONS**

There are two out in the last half of the ninth with runners on first and third. The score is a tie. The runners essay a double steal. The catcher throws to second and the runner from that base is trapped. In the runup that followed, the runner is ret'ed for the third out. In the meantime the runner on third crosses the plate a fraction before the third out was made. Does the run count?—E. A. S.

2. There is a runner on third base. The batsman hits a fly ball to the left fielder. A ball struck the fielder's glove it bounded out and was juggled several times before finally being held. Has the runner who held his base the right to advance the moment the ball strikes the fielder's glove or must he remain at the base until the ball is finally held?—H. M.

3. If a ground rule is restricted territory gives the player the right to advance one base, and he is thrown out trying to take an extra base, what is the proper ruling?—G. B. C.

**ANSWERS**

1. The run positively counts if runner from third has crossed the plate before third out is made.

2. The runner who has held his base on a fly ball has the right to advance the moment the ball strikes the fielder's glove.

3. When a ground rule is made, giving the player the right to advance one base, it is always best to consider the ball dead the moment it goes into restricted territory. The runner who was ret'ed trying to take an extra base should have been sent back to the base to which he was entitled to advance.

# Former Hod Carrier Now Shines As Star Golfer

The scribes wanted to see Bill Melhorn of St. Louis win the open golf championship at Oakland Hills this year. Bill would have made great copy. Few people know it, but Bill is a reformed hod carrier. What's more, he looks it. In build he suggests the smashing fullback of the 1906 vintage. His huge shoulders are slightly stooped.

"What makes you walk bent over like that?" a friend inquired at Detroit. "If you had carried bricks up five flights when you were a kid you'd walk that way, too," was the answer.

Bill wasn't kidding either. That was his racket some 15 years ago when he was a sturdy youth in Chicago. Melhorn came to golf via the caddy route. His fine physique and fine fighting ability soon carried him to the lofty summits.

Not so many moons back Melhorn was touched by the glittering wand of romance. A beautiful circus bareback rider came into his life, and a pretty little ceremony followed. Mrs. Melhorn gave up the sawdust ring for the more, domesticated role of wife.

You see her at all the tournaments these days, always leading the gallery, always pulling hard for Bill. She almost pulled him across at Oakland Hills. For a time it looked as if he'd win. As it was he finished third with 301, a stroke back of Bobby Jones. Melhorn has the game, temperament and courage to be a champion. Since he is still young his time may come yet.

Melhorn is a fighter in action. We recall an explosion shot he played out of a sand trap at the twelfth hole at Oakland Hills during the final round. The ball rested in a heel print. A combination of perfect timing and great muscular effort was demanded.

Melhorn rolled up his sleeves, barked at his caddy to leave the green, waved the gallery to move to one side, gritted his teeth and banged away. This was not an actor's gesture. It was concentration and determination, plus.

Melhorn made a perfect out, incidentally, and holed for a par 5 when it looked as if he'd be lucky to get down in 7.

# BLINDING SPEED, PERFECT CONTROL, MAKE VANCE STAR

Premier Mound Expert Came to Yanks Seven Years Ago a Raw Recruit

Control, plus blinding speed. That's the secret of Dazzy Vance's great success in the National League.

Seven or eight years ago Vance came to the New York Yankees as a raw recruit.

The late Wild Bill Donovan was managing the club. In his day Wild Bill had been a great pitcher himself. As his nickname implied, he was given to spectacular outbursts of wildness, although this feature of his work was greatly exaggerated.

Donovan liked Vance as a pitcher, but sent him on his way because he couldn't get the ball over the plate.

"The kid's got everything a great pitcher needs," admitted Donovan, "but it won't do him any good until he learns how to keep it close to the plate."

As the years rolled on the wisdom of Donovan's size-up became clear to all. Vance certainly had everything that makes for success on the mound, and, as soon as he acquired control, he became a great pitcher.

Today Dazzy Vance is not only the star of the Brooklyn team but one of the outstanding pitchers in baseball.

Vance's chief strength in trade is his fast ball backed up by almost perfect control. A umpire in the National League told me his fast ball is just about as fast as Walter Johnson's was when the Big Boy was at zenith of his career. That's plenty fast enough for me.

Vance, however, doesn't rely wholly on his fast ball. His knuckle ball is no easy thing to hit, and his curve has a highly developed deceptive quality. Against Chicago recently, he fanned seven batters in a row. During that spurt he mixed 'em up in a manner that stamped him as a smart pitcher as well as an unusually gifted one.

Vance is a product of the great open spaces of Iowa, is 31 years old, a six-footer and a right-hander. He has been pitching professionally for about 10 years. He got his start with the Hastings club of the Nebraska State League. Brooklyn got him in 1922.

# WOMAN MAT CHAMP WILL MEET MARTIN

Virginia Mercereau Grapples Sturgeon Bay Man on Aug. 9 Program

Sturgeon Bay—One of the greatest sport events ever staged in the peninsula section will be held here on Aug. 9 when Virginia Mercereau, world's champion woman wrestler, will appear here in a finish match. Her opponent will be Frank Martin, local middleweight grappler who appeared in many matches in La Crosse and vicinity during the past season.

The woman champion grapples at 180 pounds and offers a purse of \$250 to any middleweight who can pin her shoulders to the mat in 15 minutes.

Martin, local pride has been in constant training and is now playing right field for the local league team. Martin is taking up a course in physical education at La Crosse normal and is spending the vacation at his home here.

The match will be staged at George Paul's hall 2 miles north of this city on Highway 17.

**KENNETH DICKINSON WINS PUTTING TILT**

F. J. Edmonds Saturday afternoon won the putting contest held on the course of the Riverview Country club here, while Kenneth Dickinson took first prize for the best average on three shots in the driving contest. G. M. Gilbert also was awarded a prize for making the longest single drive.

# Regal Sparring Mate

London—There are no tin-eared pugilists in the training camp of Tommy Gibbons. St. Paul light heavyweight, who is here to meet Jack Bloomfield Aug. 8.

Instead Mr. Gibbons is being assisted by a member of the nobility. His chief sparring partner is none other than the Marquis of Clivedale, son of the Duke and Duchess of Hamilton, premier peer of Scotland.

The good marquis makes a most efficient sparring partner, too. Gibbons says the blue blood knows how to box and can hit. "I wouldn't want a better one," adds the American.

# The Nut Cracker

PERHAPS you've noticed that most fights are held in bowls these days. . . . But don't get the idea that the aesthetic lads make hash of one another.

ONE LOOK AT THE AVERAGES CONVINCES YOU GOSLIN OF THE WASHINGTONS IS NO LAME DUCK AT BAT.

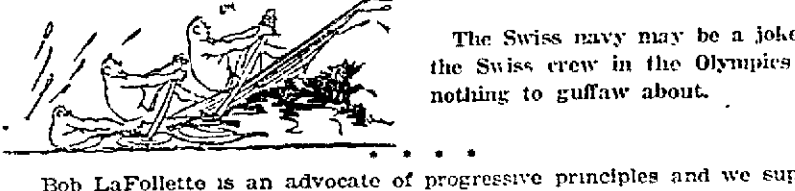

THE FOREST FIRES ON THE PACIFIC COAST HAVE ALL BEEN EXTINGUISHED, INCLUDING HIRAM JOHNSON.

Our idea of the millennium is a bit foggy but any proposition assuring eight pennant winners in one league will answer the purpose.

MR. HUGGINS ADMITS THE YANKIES ARE SHOT BUT NEGLECTS TO SAY WITH WHAT.

Heilmann blames his batting slump on a small pox treatment . . . in other words, the doctors, not the pitcher, made him look sick.

The experts say Sister is off 30 per cent . . . It is now up to Sister to say how much the experts are off.

Bob LaFollette is an advocate of progressive principles and we suppose he favors going from first to third on an infield out all the time.

# Broken Leg Puts Sande Out Of Race

Saratoga Springs—One of the greatest jockeys ever to straddle a horse probably was lost to racing when Earl Sande, conceded to be best of present day riders, suffered a double fracture of his left leg when he was thrown from his mount in the first race here Wednesday.

The leg was fractured both above and below the knee and experts say Sande will never ride again.

Jockey Dawson, who was injured in the same spill, was later reported to be only slightly injured.

# FOX RIVER TEAM PLAYS KAUKAUNA

Fox River Paper Co. first team Sunday afternoon will invade Kaukauna for a clash with George "Stormy" Kromer's former State Leagueurs. This contest will be the first of a twin bill The Kromer men meet the Green Bay Press-Gazette News Hounds in the second half of their engagement. The Electric City team was challenged to a contest by the News Hounds several days ago and hastened to take up the def.

The first game will be started at 1:30 Sunday afternoon on the Kaukauna diamond. Tocan, Stegeman and Gertz will go the mound work for the Electric City tribe. Tarnow and Last are the Fox River battery.

**BIG CROWDS — BRIGHTON**

# FLOOD FORCES WOMEN GOLFERS TO DELAY TILTS

Second Round of Championship Play Transferred from Onwentsia

Chicago — Prowled out by four days and nights of torrential rains that slowly but surely turned the Onwentsia links into a miniature sea, surviving competitors in the Women's Western Golf championship Thursday took the second round of match play to the high bluffs of Shore Acres, with the intention of returning to Onwentsia Friday if the waters recede sufficiently.

The second round had to be postponed Wednesday as flood waters from Skokie creek and on all day rain made the course unplayable and left it in that condition for Thursday. This postponement will delay the finals at 35 holes till Monday, and even if play cannot be resumed at Onwentsia this week the finals will be played there, Mrs. Farlin Ball, president of the Women's Western Golf association announced.

Eight good matches were on the program Thursday. The greatest interest was in the matches between Miriam Burns of Kansas City, defending title holder, and Virginia Pep of St. Louis, and between Edith Cummings of Chicago, national champion, and Virginia Gittens of Green Bay. Miss Gittens has played well thus far and showed her ability with wooden clubs by tying with Miss Cummings for the driving contest, each netting 610 yards for three drives.

Bernice Wall of Oakbrook, champion, and Virginia Wilson of Chicago provided another good contest, while Dorothy Kietz of Chicago renewed her attacks on former champions by taking up the mashie against Mrs. F. C. Letts of Chicago.

# RIVERVIEW GOLFERS PLAY FOND DU LAC CLUB HERE

Owing to the recent flood at Fond du Lac, the inter club golf match which had been scheduled for that city between the members of the Riverview Country club and the Fond du Lac Town and Country club, will be played over the course of the Riverview club here on Saturday.

It is expected that more than 20 Fond du Lac golfers will be here for the meet.

# DON CURTIN BRIGHTENS HILLTOP'S GRID HOPES

Milwaukee—Marquette university's football hopes were brightened Wednesday with the announcement that Don Curtin, in the ineligible list, had been restored to the team and will be the likely contender for the post of quarterback relinquished by Joe (Red) Dunn.

# Browns Threaten Lead Of Yanks In American By Beating Nationals

Detroit Wins 5 to 2 Decision Over Huggins Tribe When Game Is Called in Fifth Stanza.

St. Louis continues to burn up the American league ladder path and to attract more attention than any other club in the circuit. As a result of their fifth straight victory over Washington which incidentally was their sixth straight win and their ninth in ten starts, the Browns Thursday seriously threaten the supremacy of the three leaders. Sisler's sensational aggregation is only three games and a half behind the top notch Yankees, two and a half in the rear of the Tigers, and a half game in the wake of the Senators. Called because of the rain storm at the close of the fifth inning, Detroit won a 5 to 2 decision over New York on the strength of a half day's work. The Tigers drove Bush to cover in the first frame and were even less considerate in the sixth. Ruth hung up his thirty-six circuit drive in the fourth. Egan Wingard arrived on the scene just in time to keep St. Louis' winning string intact. With the tying run on second, Davis resigned in favor of the brilliant youngster, who retired the next two Washington hitters and pulled his mates through by the narrow squeak of 6 to 5.

Cleveland, emulating its Missouri neighbor, is nursing an embryo winning streak of its own. By their 8 to 3 triumph over Boston, the Indians made it four straight.

The Giants added another game to an already overwhelming lead by downing Chicago, 5 to 2, while Pittsburgh was losing to Brooklyn. The National league champions now are in the can by eight games and a half. McGraw's outfit suited the contest away in the opening round by counting five times.

Dazzy Vance is winning the reputation once possessed by Christy Mathewson of having the power to win a game simply by tossing his glove into the pitcher's box. The Robin hurler turned in another beautiful exhibition of ball tossing in letting the Pirates down with four hits and three runs while his mates were garnering five. Vance fanned ten men and ran his strikeout total for the season up to 180.

Cincinnati scored a 3 to 2 win over Philadelphia with a minimum of effort as rain put an end to the proceedings in the fifth session.

Boston stepped out of its losing rut long enough to turn the tables on St. Louis by a 5 to 3 margin.

# TILDEN AND JOHNSTON PICKED FOR DAVIS CUP

New York—William T. Tilden II, national champion, and William M. Johnston, former national champion, will form the nucleus of the Davis cup team which will defend the trophy this season, according to an announcement issued by the chairman of both the selection and Davis cup committees of the United States Lawn Tennis association. The players have been notified by telegram of their selection.

Two additional players to complete the team will be chosen after the national doubles championship in Boston, Aug. 18 to 23.

## NIGHT LETTER FROM LESLIE PRESCOTT TO JOHN ALDEN PRESCOTT

Sally Atherton's husband very ill. Hold out no hope for his recovery. She has gone to him. Glad to know that Syd is better. Both little Jack and myself miss you unspeakably. Letter follows.

Telegram From John Alden Prescott to Sally Atherton

Just heard your husband very ill. Is there anything I can do?

JOHN ALDEN PRESCOTT.

Telegram From Sally Atherton to John Alden Prescott.

cott

Sam died last night. Nothing you can do although I am grateful for your offer. Funeral day after tomorrow. I will be back at the office the day after.

SALLY ATHERTON.

Telegram From John Alden Prescott to Smith & Smith.

Florists

Send to Mrs Sally Atherton, 722 Foxhall Place, Pittsburg, five dozen American Beauty roses, my card.

JOHN ALDEN PRESCOTT.

Letter From Leslie Prescott to John Alden Prescott

cott

I am so glad to know, dearest, that Syd is getting better. I was absolutely delighted with the dear little coral god that he sent me through you. It was awfully sweet of him. I shall keep it among my most treasured possessions.

I took it down yesterday to Crother's to have it attached to that platinum wire bracelet that Alice sent to me from England some time ago.

As I showed the little idol to the salesman a stranger who was standing by—a very distinguished man about sixty—exclaimed in surprise and admiration:

"Pardon me, madam. I have spent all my life in the study of Chinese art and Chinese traditions. I wonder if you know that this bit of coral is absolutely priceless. It is one of the two gods that are worshipped by lovers, one of the twin gods that every lover hopes to present to his sweetheart while he retains the other. It is very old. No one knows the artist who carved it, as it comes from before the Ming dynasty. Have you or your lover the other one?"

I explained to him that I was quite sure my husband did not have the other one; in fact, until this moment I did not know there was another one.

The man's face fell. He looked positively aghast.

"It would have been better had you never found it," he said. "One of these little gods spells unhappiness—at least loss—unrequited. Both of them, one carried by the man who loves you and one carried by yourself, would make perfect happiness for you both."

Little Jack is calling. Will finish this letter later.

TOMORROW: More of the letter from Leslie Prescott to John Alden Prescott.

## Adventures Of The Twins

THE LUCKY WHEEL

"Take a chance for 10 cents and win a lamp!"

That was the sign that Mister Bun-

ny saw first thing when he and Ma Bunny and the children came to Happy Go Lucky Park to spend the day. "That's the very thing!" said Mister Bunny to himself. "If I win a lamp I can give it to Ma for her birthday tomorrow and it will only cost 10 cents. Then I will have all my money left to show the children a good time today. I can take them on the merry-go-round six times apiece, and the roller coaster and everything. I do believe my troubles are at an end."

Out loud he said, "Here, Ma, you and the children sit down here on the grass and wait for me. I have an errand to do, but I'll be back in a minute."

"All right, Ben," said Mrs. Bunny. "It's nice and shady and we're all tired after our walk in the sun. But don't be too long because we want to have a good time."

He slipped around the corner and there he was, right at the stand where it said "Take a chance and win a lamp for 10 cents."

"How do you do it?" he said to Nick.

"Well, you pay me 10 cents," said Nick, "and I let you draw a card. Each card has a red number on it. Then I turn this big wheel around and if it stops on your number, you are the lucky one and you get a lamp."

"That's simply fine," said Mister Bunny, running his eye over the row of lamps and wondering which one he would pick out for his wife's birthday present. The lamps looked like baby dolls and the shades were their hair. Some were red and some were blue and some were purple and some were green. "I think I'll have the yellow one," Mister Bunny decided. "Here, gimme a ticket, here's my dime."

A lot of people had come around by this time and each bought a ticket from Nick. "Say," said the rabbit gentleman uneasily, "I wish so many people wouldn't buy tickets. Some one else may get the lucky number in stead of me."

"All ready, turn the wheel, Nan-ny," said Nick.

So Nanny gave the big wheel a whirl and it went around and around and around and then it slowed down and stopped at number six.

"Who has number six?" called out Nick. "Whoever has number six on his ticket gets a lamp."

Mister Bunny looked at his ticket. It said number seven.

"Here, I got number six," called Daddy Cracknuts. "I get the prize. Please give me that yellow lamp on the end."

"Oh, well," said Mister Bunny to himself, cheerfully. "I'll win next time. I'll take another chance. And that purple lamp in the middle is almost as pretty as the yellow one, anyway. Here, Nick, I'll buy another ticket," and Mister Bunny handed out another 10 cents of his picnic money.

"I wonder what's keeping Pa," said Mrs. Bunny pretty soon to her children. He's been gone nearly half an hour."

"I'll have to tell you tomorrow what Pa was doing. No wonder it took him a long time!"

# Don't Endure Pug Nose; Make It Over

BY FREDERIC J. HASKIN  
Washington, D. C.—The Biblical injunction to cut off thy right hand if it offend thee has never enjoyed much of a vogue, but the same idea is now proving popular with regard to mouths and noses. People who are dissatisfied with their facial features are having them at least reshaped to suit their personal tastes. A man need no longer worry through life with a tip-tilted pug nose if he prefers a dignified Grecian beak, and no woman need be handicapped with an unlovely mouth which has the courage and money to have it changed into a tempting Rossetti model. Plastic surgery has at least brought relief to the howler. From now on personal pulchritude will doubtless be as purchasable a commodity in most large cities as Turkish baths or Paris labels. Today, Cyrano de Bergerac with his monstrous nose, seems a tragic character, but in a few years his suffering will probably be incomprehensible to a generation cut and remodeled by plastic specialists. Already facial repairs are being sold on a large scale in New York and at least one well-known American actress has acquired beauty with a change in nose. In Paris and Berlin plastic surgery is being practiced by many reputable surgeons who were inclined to sneer at it before the war.

**START CLINIC**  
In London, an international clinic for plastic surgery has been established, under the direction of Major H. D. Gille, who became famous for this work during the war. Two American doctors are also on the faculty. This clinic, housed in a new wing of St. Andrew's Hospital, is the first institution run by professional men of standing, which is devoted to the study and treatment of the face. They believe that improvements in the human countenance are quite as important as improvements in an ill-shaped body. Artists and sculptors will be in attendance at the clinic as well as dentists and surgeons, and each patient will be carefully studied as an individual rather than as a type.

Although plastic surgery owes its sudden rise and spread in this century to the war, it is not an absolute new art. The ancient Hindus, to whom so many remarkable achievements are attributed, are credited with having performed plastic operations 2,000 years ago. Their proficiency in this respect is supposed to have resulted from the popular form of punishment in those days, which was the cutting off of the nose.

**TILE MAKERS MENDED**  
Curiously enough, the tile makers, who are reputed to have been a more or less despised class, were entrusted with the task of nose-mending. It is thought that those particular artisans went into plastic work because of their familiarity with cement and repairs calling for the adhesion of one substance to another. In more modern times, plastic surgery was practiced to a limited extent in cases of congenital defects, such as a cleft palate and harelip, or in cases of accident in which a person was severely burned or mutilated. In many instances, pieces taken from the ribs and other parts of the framework of the body were successfully grafted, the operations only occasionally resulting in failure. Work of this kind had already reached a remarkable state of development when the war, with its new inventions of destruction, came, multiplying many times the number of patients requiring such treatment.

To-day thousands of men who sustained ghastly facial wounds are walking the streets with their fair share of pulchritude and contentment owing to the skillful work of the war surgeons. As much as two-thirds of a face could be rebuilt, it was found. The insertion of new jawbones and the information of new chin bones soon became relatively simple operations. The changing of a man's nose or providing him with a brand new one was a common occurrence. Even the grafting of new ears was successfully undertaken. The faces of some men were so much improved that they soon forgot the horror of their experiences.

As a result, plastic surgery emerged from the war with a new prestige. The cultivation of personal beauty was no longer generally sneered at, but on the other hand, the majority of surgeons returned to their old reluctance to perform merely "cosmetic" operations. If a man's nose was deformed as a result of an accident, no surgeon of plastic skill would hesitate to rebuild it, but if the nose were deformed by nature that was an entirely different matter. The surgeon might refuse to touch it.

## FASHION HINTS

### COSTUME SLIPS

New costume slips are more decorative than before and have hems or checks or stripes in contrasting colors.

### FRENCH FLOWERS

A cluster of French flowers at the belt or on the left shoulder is one of the most popular ways of dressing up the plain frock.

### ETON COLLARS

Stiff linen Eton collars and wide turn-back cuffs are used very smartly on tailored frocks for fall.

### RED BELTS

The wide red leather belt with the large buckle of patent leather is seen on the dark-blue rep dress or the one

# Sophistication Of Line Is Keynote Of American Styles

New York.—The effect of richness and sumptuousness is what style experts of this country are going to try to popularize for fall and winter. Gorgeous colors, velvets, brocades and furs that look expensive and luxurious are being prepared to take up the challenge of the simple crepe gowns with the effect of no trimming that have been so popular the past season.

The present-day styles please everyone out the manufacturers. Women like them because they are so casual and easy to wear. Men like them because they look so simple and youthful. But manufacturers dislike them because it is so hard to make them look like money.

To be sure, effective simplicity is expensive but only the knowing eye discerns this. The untrimmed hats of today cost much more than the plume-laden ribbon-bedecked creations of 10 years ago.

The simple chiffon or crepe gowns that are so much more stylish than the elaborately beaded or embroidered ones cost more because the lines must be better and the workmanship above reproach.

But it is hard to educate women to pay a fabulous price for a gown that has apparently only a few yards of inexpensive material with no adornment of any kind.

Whereas a woman parts cheerfully with money for a gown that gives the effect of sumptuousness and outlay.

Paris is holding out for simplicity because the Parisienne will pay for line. American designers want a radical change toward more sophisticated styles. Above are some of their efforts in that direction.

The velvet bouffant gown is of ocean blue velvet trimmed with metal lace and chinchilla fur. The evening gown with cape to match is embroidered with colored beads to harmonize with the burnt orange lining. Both garments are swathed with fitch fur.

The coat dress is of printed velvet trimmed with kit fox.

## Household Suggestions

### BUYING VEGETABLES

When buying vegetables avoid those of poor quality that are wilted, speckled, overripe or green. The waste amounts to much more than the saving in cost.

### BUY LARGE FISH

Buy a large fish and use the left-overs rather than a small fish for one meal, because there is less waste in proportion to the amount of meat.

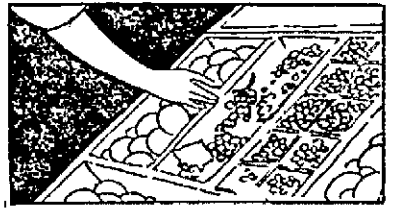

**AWAY FROM HEAT**  
Keep ammonia in a glass bottle away from the heat.

**SMALL QUANTITIES**  
Many groceries deteriorate with long storing and prove to be much more expensive in the long run than if you buy in small quantities and keep getting fresh installments.

**SELECTING FRUIT**  
When selecting fruit buy that which is not bruised, as a break in the skin means quick decay.

**PREVENTS CHEESE DRYING**  
Butter the edges of cut cheese to keep it from drying. Store it in a cool, dry place of even temperature.

**BREAD FOR SANDWICHES**  
The bread you use for sandwiches should be at least 24 hours old so that it will cut into as thin slices as you desire.

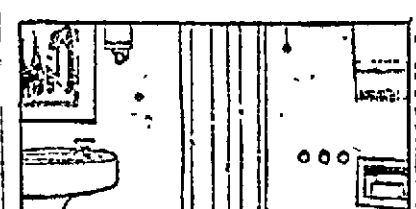

**ORANGE EGG-NOG**  
(Individual)  
One egg, 1 tablespoon sugar, juice of 1 large orange, 1 tablespoon cream, few grains salt, grating of nutmeg. Combine salt, sugar and orange juice, add to egg and beat until well mixed. Add cream and continue beating. Stir in into a large glass with 2 tablespoons crushed ice. Sprinkle with nutmeg and serve with a sprig of mint in the glass.  
(Copyright, 1924, NFA Service, Inc.)

color or in very gorgeous peasant colorings.

**SILVER RIBBON**  
Silver ribbon is used to edge the ruffles and scallops that trim youthful frocks of georgette crepe or organdie.

**PURITAN COLLAR**  
The Puritan collar of white crepe or organdie with wide points, that fits closely about the neck, is very lovely and feminine on dark and otherwise severe looking frocks.

**TONIGHT AT WAVERLY**  
"WALTZ NIGHT"

The best kind of floor for the bathroom is made of cork tiling. It is waterproof, warm, soft, not slippery and it is less expensive than vitrified tile and easy to care for.

# Beware Fraud In Bible Plant From Holy Land

Washington—Beware the resurrection plant fraud, warns the U. S. Department of Agriculture.

Various concerns have advertised this plant under different names, and usually at prices far in excess of its market value. It is often sold under the name "Rose of Jericho" or "Rose of Sharon" said to have been obtained from the Holy Land and to have been mentioned by "Solomon, Isaiah and other prophets."

The circular of one dealer calls it "Semper Viva or Rose of Jericho," offers it for the modest price of 25 cents and describes it as a "deodorizer" and "a preventive of disease."

Another concern calls it the "Persian Plant" or "Cinnamon Rose." The plant is said to bloom every 30 days, bearing "two most fragrant flowers in existence." Resurrection plant is, of course, not a seed plant, bears no flowers and is odorless.

The true "Rose of Jericho" is a small white-flowered annual of the mustard family. It is a native of desert regions from Arabia and Syria to Algeria, and is supposed to be the "rolling thing before the whirlwind" mentioned in Isaiah.

After flowering the leaves fall off and the branches become hard and woody and roll up into a ball, bearing the seed pods inside. In this state the plants, unprotected by the wind, are blown about the desert.

When the winter rains fall the branches spread back, the pods open, and the seeds quickly germinate. Dried plants retain for years the property of opening when moistened, although they do not "come to life" in the proper sense of the words.

Resurrection plant bears no flowers, has no fragrance or insecticidal value and is in no way connected with the Holy Land. It is a native of the deserts from Texas southward into Mexico.

## Good Manners

### RUNNING THE GAUNTLET

When the bride and groom get ready to depart on their honeymoon it is customary for the guests to wait for them and shower them with rice as they make their way to their motor. The wedding guests stand out on the street looking after them as long as a trace can be seen—and then gradually disperse.

## Potpourri Is Mixed Spice And Flowers

Rose potpourri is undoubtedly the favorite, though it is not by any means the sweetest or only kind. To make it is simple. Collect together as many rose petals as possible, those of old-fashioned roses for preference—and be sure they are free from blight or disease. With a little energy one can collect a lot of rose leaves, especially by getting all one's friends to assist in the task. Dry the petals in the sun and weigh them. Say there is a quarter of a pound of rose leaves. Then mix with them these spices: Two ounces each of common salt and bay salt one ounce powder.

ed orris root, one-quarter ounce each of cloves, powdered cinnamon, powdered mace and allspice. Mix together in a jar and keep closely covered, stirring every day for a month.

The following potpourri—one of the most delightful possible—is easier still to make, since all kinds of scented flowers can be used in it—violets, roses, thyme, lemon verbena, cowslips, lilacs, lilacs lavender, etc. Pull the petals from large flowers and break the heads off the tiny ones and put the flowers into a jar as they are obtained. Between each layer of flowers sprinkle a little common salt, powdered mace and powdered cinnamon—a fairly thick sprinkling, varied according to the quantity of flowers. Keep in jar covered, and when it is full and the flowers all brown and dry stir all together.

STEPPED ON GAS TOO  
HARD; PAYS \$13.20

Too much gas and too little use of the brakes were responsible for a holdup on the Little Chute-ri Wednesday. Carl Schrean of Marinette was held up by Allen Kaufman, county motorcycle officer, and reminded that 45 miles an hour was just 15 miles faster than is healthy. Schrean sought to appease the law by paying \$13.20.

**OPENING DANCE**  
Giesen's Pavilion, Stevensville, Fri. nite. Gib Horst Orchestra. Bus at 8:30.

# What You Want To Eat

When You Want It  
That's

# Schiel Bros.

Mission in Life

You can get mostly everything you want  
—And everything you get is good

Did you ever hear of  
a rich family paying  
cash?

—NO!

They charge it!

Did you ever hear of  
a big business man  
paying cash?

—NO!

He takes sixty days  
to six months!

Do you suppose Wa-  
namaker insists on  
cash?

—NO!

Their best trade is  
charge accounts!

Do you suppose your  
landlord paid cash for  
the house you're living  
in?

—NO!

He probably owes  
plenty!

Didn't Uncle  
Sam sell millions  
in Liberty Bonds  
on a small pay-  
ment every week?

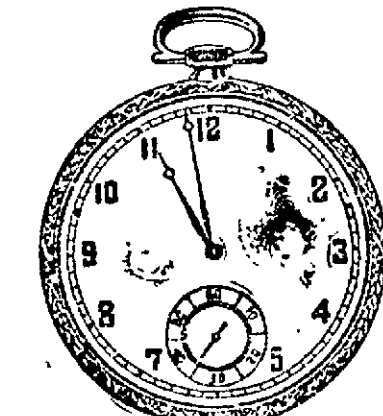

**WE'RE DOING BUSINESS  
THE WAY UNCLE SAM DID.**

## WAKE UP!

—To the value of other folks' opinion!

Be an "On Time" man.  
Watch every hour for waste minutes. They're dollars in disguise.

## Here Is a WATCH For Particular Men!

It's the "last word" in time-piece construction—fully jeweled movement, extra thin model—smartly engraved case—handsome dial and "easy-to-read" figures.

**Bulova**  
**\$30.00**

"Pay ONLY a Small Amount Down!"

**1924**  
—LEAP YEAR

Every young man should carry a Diamond in his vest pocket.

## —here's the DIAMOND

You have always wanted but thought you couldn't afford—

**START WEARING IT TODAY!**  
**\$50.00**

Make a small payment down—the little you pay every week would go for something you can't remember a week afterward.

## "1847" ROGERS SILVER

Complete 26-piece chests—service for six—choose from every popular pattern in this famous silverplate.

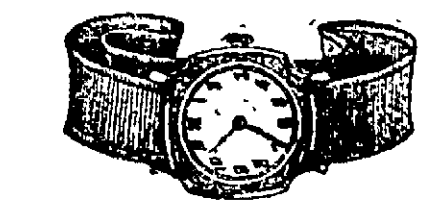

**\$22.50**

"Pay ONLY a Small Amount Down!"

**Kamp's Jewelry Store**  
More Than 30 Years Square Dealing  
777 COLLEGE AVE.

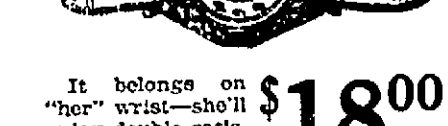

## Let "Candy Money" Buy That WRIST WATCH

Saving is great training—today is the time to start. See how easy it is to save for something worth while—"dollar each week" is a slogan you'll be glad we taught you.

A brand new design strikingly executed in White Gold.

**\$25.00**

It belongs on "her" wrist—she'll enjoy double satisfaction—

**\$18.00**

"Pay ONLY a Small Amount Down!"

**DON'T GET  
DISCOURAGED**  
—she may be only a "stone's" throw away.

### LEGAL NOTICES

administration with said will annexed, to be issued to David Zehner, and Notice is hereby also given that all claims for allowance against said deceased must be presented to said court on or before the eighth day of December, 1924, which is the time limited therefor, or be forever barred, and Notice is hereby also given that at a special term of said court to be held on the third Tuesday, being the sixteenth day of December, 1924, at the opening of the court on that day, or as soon thereafter as the same can be heard, the court will examine and adjust all claims against said deceased then presented to the court. Provided, that all claims for necessary funeral expenses for the last sickness of said deceased and all debts having a preference under the Laws of the United States which shall have been represented to said court within sixty days from the date of said order, will be heard, examined and adjusted at a regular term of said court to be held at the court house aforesaid on the first Tuesday, being the seventh day of October, 1924, at the opening of the court on that day or as soon thereafter as the same can be heard.

Dated August seven, 1924.  
 By order of the Court:  
 FRED V. HEINEMANN,  
 County Judge.

### RYAN & CARY.

Attorneys for the Executor.  
 August 7-14-21.

### STATE OF WISCONSIN, County Court for Outagamie County.

In the matter of the estate of William E. Jansen, Deceased. In Probate. Pursuant to the order made in this matter by the county court for Outagamie County on the sixth day of August, 1924.

Notice is hereby given that at a regular term of said court to be held at the court house in the city of Appleton in said county, on the first Tuesday, being the second day of September, 1924, at the opening of the court on that day, or as soon thereafter as the same can be heard, and considered the petition of Anna E. Jansen, for the appointment of an administrator of the estate of William E. Jansen, late of the village of Little Chute in said county, deceased.

Notice is hereby also given that at a special term of said court to be held at the court house aforesaid on the third Tuesday, being the sixteenth day of December, 1924, at the opening of the court on that day, or as soon thereafter as the same can be heard, the court will examine and adjust all claims against said deceased then presented to the court. Provided, that all claims for necessary funeral expenses, expenses for the last sickness of said deceased and for debts having a preference under the Laws of the United States, which shall have been represented to said court within sixty days from the date of said order, will be heard, examined and adjusted at a special term of said court to be held at the court house aforesaid on the third Tuesday, being the sixteenth day of December, 1924, at the opening of the court on that day, or as soon thereafter as the same can be heard.

Dated August sixth, 1924.  
 By order of the Court:  
 FRED V. HEINEMANN,  
 County Judge.

### BRADFORD & BRADFORD,

Attorneys for the Estate.  
 August 7-14-21.

### STATE OF WISCONSIN, In County Court for Outagamie County.

In the matter of the will and estate of William Tesch, Deceased. In Probate. Notice is hereby also given that all regular term of the County court, to be held in said County at the court house, in the city of Appleton, in said county, on the first Tuesday, being the second day of September, 1924, at the opening of the court on that day, or as soon thereafter as the same can be heard, the court will examine and adjust all claims against said deceased then presented to the court.

The application of Frank Tesch, as the Executor of the Will and Estate of William Tesch, late of the city of Appleton, in said county, deceased, for the examination and allowance of his final account (which account is now on file in said court) for the allowance of debts, claims and other items paid in good faith without having been first filed, approved or allowed by the court, as required by law, for the assignment of the residue of the estate of said deceased to such person or persons as are by said will and law entitled thereto; the inheritance tax due from said estate having been heretofore determined by the court and paid; for his appointment as Executor and Trustee of the trust and trust estate created and contained in said will of said deceased, to fix the amount of his bond as such Executor and Trustee, and that Letters of Trust thereon be issued to him, in and for the purposes of said trust.

Dated August 6th, 1924.  
 By the Court:  
 FRED V. HEINEMANN,  
 County Judge.

### C. G. Cannon,

Attorney for Executor.  
 August 7-14-21.

### NOTICE TO PAINTERS

Sealed bids will be received at the office of the County Clerk until 2 P. M., August 29, 1924, for the painting of the exterior brick and sandstone of the Outagamie County Court House, in accordance with the specifications on file in the County Clerk's office, certified check to the amount of 5 per cent, must accompany each bid, and is to be made payable to the County Clerk.

Committee reserves the right to reject any or all bids.  
 Mike Mack,  
 John Traver,  
 Joseph Bracer,  
 County Clerk.

### STATE OF WISCONSIN, In Municipal Court for Outagamie County.

Plaintiff, vs. Defendant.  
 THE STATE OF WISCONSIN: To the said Defendant:  
 You are hereby summoned to appear within twenty days after the service of this summons, exclusive of the day of service, and defend the above entitled action in the court aforesaid; and in case of your failure to do so, judgment will be rendered against you according to the demand of the complaint of which a copy is herewith served upon you.

E. W. WENDLANDT,  
 Plaintiff's Attorney.  
 P. O. Address, New London, Waupaca County, Wisconsin.

NOTE—That the summons and complaint in the above entitled action are on file in the office of the clerk of the above mentioned court.  
 July 19-27-24-31, Aug. 7-14.

## FINISH REPAIRS ON DAMAGED HIGHWAYS

### Dirt Roads in Western Part of State Washed Out by Heavy Rains

Big crews of workmen from Milwaukee and other cities in the storm region are rapidly repairing railroad tracks and highways damaged in this week's storm and it is believed normal transportation service will be restored by Thursday night. Trains were running late on Thursday but there was big improvement over the preceding two or three days. Highway 15 is open to Milwaukee and is, said to be safe all the way. Roads in the western part of the state, in the vicinity of La Crosse especially, are in bad shape but not entirely impassable. Three inches of rain in that section cut gullies in the gravel highways and damaged some of the bridges.

Reports now being received indicate the storm was most severe from Oshkosh south to Grafton and as far west as the Mississippi. Road experts declare that the concrete highways in this territory are the only ones that are really passable.

Rains in the eastern part of the country have caused heavy damage to roads, and tourists are advised to remain at home for another week at least before they start trips to the east.

## SCHNEIDER COMING TO FORM 'BOB' CLUB

Responses to invitations sent out to friends of the LaFollette-for-president movement to attend a political rally in the circuit court chambers of the courthouse tonight indicate a large and representative gathering, according to Samuel Sigman, secretary to Congressman George J. Schneider.

The Appleton congressman had not yet returned Thursday morning from Marinette where he laid the foundation for the organization of a LaFollette-Wheeler club, but he telephoned that he would be here for the meeting which he will address this evening.

The meeting is public, and the principal business of the evening will be to organize a LaFollette-Wheeler club.

### CONTINUED FROM PAGE 1

### PAGEANT IS EVERYTHING THAT HAS BEEN SAID OF IT

is the fourth episode which portrays a wedding at a portage trail along one of Wisconsin's rivers. The audience got a "big kick" out of a jig by Hizoner C. E. Taught, a jay of Kaukauna, who plays the part of the father in a wedding scene. Costumes, music and dances are historically correct and the illusion of early days in Wisconsin is almost startling.

A large number of Oshkosh Rotarians, with their wives and friends, attended Wednesday night's performance and were given a special place in the grandstand. Tonight Appleton and Green Bay Lions will travel to the present grounds in a body.

Appleton Lions will congregate on east College ave at 7 o'clock and will start for Kaukauna 15 minutes later.

## DEATHS

**GEORGE HAUERT**  
 George Hauert of Oshkosh, a retired farmer, died of blood poisoning at Oshkosh Thursday morning. He is survived by a widow and two daughters, Mrs. M. Boehm and Mrs. Harley Wickert, Oshkosh; two brothers and two sisters, J. J. Hauert, Frank Hauert, Appleton, two sisters, Mrs. Henry Lösselyoung, Appleton, and Mrs. Henry Kossel, Oshkosh.

### JOHN P. HELEN

John P. Helen, 62, died Wednesday night at his home at 881 Gilmore-st. He was born in Belgium, Wis. in 1862, and had lived in Appleton for 35 years. His survivors are his widow, and four children, Mrs. George Peronko, Josephine Helen, Theodore and Lawrence. The funeral will be held at 9 o'clock Saturday morning at St. Joseph church with interment in St. Joseph cemetery.

### JANSEN FUNERAL

The funeral of William Jansen, of Little Chute, who was killed in a ditch cavern at Kaukauna, Friday morning, Aug. 1, was held Monday at Holy Cross church, Kaukauna, with the Rev. H. J. Lochman in charge of the service. Bearers were Thomas Clume, John Doyle, Charles Krell, Frank Krell, Cornell Wildenberg and A. Hipsensberg. Out of town relatives at the funeral were Mr. and Mrs. Galet Jansen, Mrs. John Weyenberg, Mr. and Mrs. Nick Helptas, Mr. and Mrs. Henry Weyenberg, Mr. and Mrs. John Van Gompel and Mrs. John A. Jansen, Little Chute; Mr. and Mrs. Edward Laners, Mr. and Mrs. George Kargus, Henry Jansen and C. Hartjes, Kimberly; Mr. and Mrs. Joseph Kroll and daughter Gertrude, and Joseph Kraft, Appleton; Mrs. Robert Frank, Mrs. L. Wolf, and daughter Olive, and son Edward, Antigo.

Mr. and Mrs. Lawrence Brown and daughter of Birmingham, Ala., are visiting Appleton relatives.  
 Mrs. Paul Vecek is the guest of relatives and friends at Cadott, Wis.  
 John Stevens was in Milwaukee Wednesday on business.

## TONIGHT AT WAVERLY "WALTZ NIGHT"

## Poleon And Bruno

Dat maudite bear, Bruno, he's come back from lak' Tuesday all right, but dat duck wot he's sold his disappar' Bruno he's tip o'var boat an' dat duck she's swim away, but he's catch big gull an' ride heem back cher rous.  
 Dat little cuss he's up to get dose arms an' holle lak' crazy, an' w'en I see heem so I don' can use dat chisel wot I see for heem.  
 Bruno he's tin, she'll be nice weddins' tonight an' Friday, an' she mak' warms' tonight aussel. If he's got right don't I don' bouresse I don' knock heem on head. If he's got wrong I got plenty time for do yet, neet-cee pas?

## TARIFF QUESTION AGAIN MADE POLITICAL ISSUE

It is surprising if the president fully informed of the manner in which the sugar investigation was conducted and the reports arrived at, either sends them back to the commission or discards them altogether and bases his ultimate conclusions on personal inquiries, made with the help of treasury and department of commerce officials.

President Coolidge has let it be known again at this time that he is firmly committed to the policy of a sufficiently protective tariff. He also has let it be known that he is a man whose political views do not change with the shifting winds and therefore, his tariff ideas are not in for any sort of reformation during the coming campaign, or in the next administration, should he be elected. Mr. Coolidge in maintaining the high tariff principle, feels he is amply supported by the party platform adopted at Cleveland.

### LAWMAKERS PUZZLED

But how to make a tariff "competitive" or "flexible" when a supposedly "scientific" commission divides itself sharply along political lines and resorts to political reasoning and arguments, is the problem which confronts the law makers.

It was easy enough for the commission to agree upon a higher duty on wheat at a time when comparative little wheat was coming into the country and the elevators of this country were filled to overflowing. No American interest was affected by the change. Neither was the price of wheat. But with sugar it is different. Most of the sugar consumed in this country is imported in the raw state from Cuba and refined along the Atlantic coast. The refiners have millions of dollars invested and are bound to lower the import duty on raw sugar. The cane growers and beet farmers say they would be wiped out if proper protection is removed. Sugar is the one great commodity which it is claimed could be raised in America but isn't. The interests on both sides of the question are extensive and hence the sugar schedule always has been one of the most controversial in a tariff measure.

President Coolidge has no easy task on his hands but it is expected the farmers and the farm organizations will flock to his support. Fortunately for the president and the tariff advocates, the price of sugar is lower than it has been in two years and there has come no insistent demand from the public.

## DIRECTORS OF C. OF C. POSTPONE THEIR MEETING

Because of the small attendance, the meeting of directors of the chamber of commerce which was to have been held Wednesday evening was postponed until Friday noon at Hotel Northern. Matters pertaining to the organization of the Greater Wisconsin association on Aug. 14 and the principles of business conduct contained in the pamphlet of the chamber of commerce of the United States will be discussed.

## EXCURSION BUS STOPS HERE ON LONG JOURNEY

Nineteen passengers are being carried on a Chicago, North Shore line excursion automobile bus which stopped in Appleton Thursday morning enroute to the northern part of the state. The bus started from Chicago on Monday and traveled through Rockford, Madison, Kilbourn and Fond du Lac on its way to Appleton. The trip will include a visit in the Menominee Indian reservation (then to Sister Day and Sturgeon Bay). The party expects to be in Chicago by Sunday.

## COOLIDGE SUPPORTERS MEETING IN MILWAUKEE

A statewide conference of Coolidge-Dawes supporters in which Outagamie delegates are expected to take part was to be held Friday in the Republican house at Milwaukee. About 300 delegates from the 71 counties of the state are awaited. The conference was expected to pass a resolution requesting the Republican national committee to appoint a committee of eleven to conduct the Coolidge-Dawes campaign in the various congressional districts. The supporters of the president and Mr. Dawes favor a permanent organization in each county that will promote the cause of Republicanism as embodied in the party platform and advocated by President Coolidge. A movement to support those congressional candidates who are in sympathy with the national administration may be coordinated with the conference in Milwaukee.

## HIGHWAY 15 NOW IS OPEN TO GREEN BAY

Motorists breathed a sigh of relief Thursday following the opening of traffic on state trunk highway 15 between Kaukauna and the Brown County line, which had been closed for about three months during construction work. The barricades were removed on Wednesday, obviating the tedious and difficult detour.

Improvement on this stretch of road includes widening of the concrete from a 24-foot pavement to 20 feet. The work was done by Koepke Brothers of Appleton. One of the biggest improvements on the route is the elimination of the dangerous "S" curve at McCarthy's crossing. The grade crossing was changed to a point further south. The change, it is understood, is only a temporary one, as a viaduct is to be erected here later.

## 300 MORE CARS ON ROAD THAN YEAR AGO

Week day traffic does not measure up to Sunday travel on state trunk highway 15, but Wednesday's traffic census taken by Edward DeYoung at Kimberly station for the county highway department showed an increase of 300 vehicles over the total counted just a year ago.

Wisconsin cars passing the census taker's seat between 6 o'clock in the morning and 11 o'clock at night numbered 3,418. There were in addition, 324 out-of-state cars, 99 light motor trucks, 197 heavy motor trucks, 39 motorcycles and 22 horse drawn vehicles. The total of 4,099 vehicles for the 11-hour period is an average of four vehicles a minute.

The lightest hour was from 6 to 7 o'clock in the morning when 135 vehicles passed the census taker, and the busiest hour was from 8 to 9 in the evening, registering 316 cars.

## Markets

### CHICAGO LIVESTOCK MARKET

Chicago—Hogs 30,000 weighty butchers steady to strong Wednesday's top; slaughter pigs 10.35; bulk 160 to 240 pound weight 10.00@10.30; desirable 260 to 325 pound butchers 9.90@10.10; good and choice 140 to 130 pound averages 9.65@9.90; packing sows 8.50@9.90; strong weight killing pigs 9.25@9.50; heavyweight 9.60@10.20; medium weights 10.00@10.35; light weights 9.65@10.35; light smooth 10.00@10.20; packing hogs smooth 8.50@9.00; packing hogs rough 8.10@8.50; hogs 8.50@9.50.

Sheep 17,000, early sales fat lambs around steady, sorting moderate; undertone weak, early sales natives 12.75@13.00; few to city butchers 12.25; culls mostly 8.50@9.00; goat to choice 10.00@10.25; 13.25@13.50; some held steady to higher; odd lots fat ewes steady at 5.50@7.00; talking steady of feeding lambs, no early sales.

Calves 9,000 desirable fed yearlings more active, strong to shade higher, 10 to 15 cents up; run increased by moderate holdover from Wednesday; shipping demand light; early top handweight bullocks 10.65; bulk fed steers and yearlings 8.25@10.50; most sales matured steers 50 to 75 cents under last weeks close. Spots more yearlings showing considerable decline, she stock steady; bullocks steady to shade lower; yearlings steady at 10.50@11.00 to packers; stockers and feeders slow, steady; bulk sales on country accounts 5.25@5.50.

### MILWAUKEE LIVESTOCK

Milwaukee—Cattle 500 steady; Calves 1,000 steady to 25 lower; Hogs 1,500 steady to 15 lower; 200 pounds and over 8.75@10.25; lower 200 pounds and up 9.75@10.25; Sheep 300, steady.

### CHICAGO PRODUCE MARKET

## LOOK FOR HEAVY PAVING PROGRAM HERE NEXT YEAR

Councilmen Will Start Now to  
Prepare for Next Summer's  
Work

An extensive paving program for 1925 was foreshadowed in discussions of members of the common council Wednesday evening.

The delay caused by the voluminous red tape in connection with the paving of Leminawabst, aroused the council to the realization that the preparatory steps should be taken this year.

No great amount of paving has been undertaken by the city for several years on account of building two bridges. The construction of the bridges and the increased traffic expected over these routes will necessitate new pavements, it is admitted. Besides, Appleton residents have ideas of their own where new pavements are necessary.

A considerable saving in construction costs might be effected if contracts were let in the winter time instead of spring or summer. Mayor Goodland reminded the council, and therefore all the preparatory work of sewer and water connections should be completed during the fall previous. This would also give the street a chance to settle before the paving is begun.

R. M. Connolly, city engineer, added the suggestion that both paving and sewer construction programs should be adopted the year previous so that the engineering work necessary could be undertaken during early winter when department is least busy.

Aldermen of each ward were urged to begin now to gather information on necessary improvements in their wards so that all these things may be taken in consideration at the time the city budget is made. Petitions for paving and other street improvements from property owners are desired at this time rather than next spring when the time is too short and when funds are not provided for such unexpected exigencies.

### DROP IN COFFEE PRICE PREDICTED BY IMPORTERS

Hopeful reports from the coffee growing districts of Brazil, indicating that the rebels are losing ground and that coffee shipments will be resumed shortly, are expected to cause a sudden drop in wholesale coffee prices within a few days, officers of coffee importing houses say.

Stoppage of shipments from the Sao Paulo districts, which were in the hands of the rebels, reduced the visible stocks of coffee in the United States from three months to three weeks' supply and forced the wholesale price up about 3 cents a pound, they said.

Retail prices remained the same, the roasters absorbing the increase, they declared. The drop in the wholesale price is not expected to reach the housewives, since the retail price has not advanced, it was said.

## 1,100 VETERANS ASKED FOR BONUS

Almost 1,100 applications have been made by world war veterans for adjusted compensation at the office which was conducted by Onay Johnston post for the purpose of aiding veterans in filing their applications. The office closed Tuesday evening and veterans who did not take advantage of the opportunity to make application will find it more difficult to do so, as the office will not be reopened for some time, according to legion officers.

### COUNTY LINE NEWS

Special to Post-Crescent  
County Line—Mrs. Harry Burt is staying at Little Rapids with her daughter for a few days.  
A son was born Aug. 1 to Mr. and Mrs. Jake Dashner.  
Mr. and Mrs. William Baril were DePere callers Monday.  
Frank Childs was at DePere Monday.

William Mennen was a Wrightstown caller Monday.  
Harry Burt was at Wrightstown on Monday.  
Perry Clough is spending a few weeks with his father, Riley Clough. Mr. and Mrs. Albert Bartels were Little Rapids callers Monday.  
Robert Burt was a DePere visitor Monday.

### BUILDING PERMITS

A building permit was issued by George E. Peotter, city building inspector, Wednesday to Fraser Lumber company, 712 Clark-st., for construction of a foundation, refrigerator and office.

## Bridge Will Lead To New 4th Ward Park

It is not generally known among Appleton residents, that in addition to the City, Jones, Pierce, Bellaire, Erb, Allen and South parks, the city has still another park, although there is as yet no road leading up to it.

The park also is still without a name, but may in time develop into just as beautiful and well known property as City Park. It was acquired by the city through the purchase of the right of way for a street leading south from the Cherry-st bridge to Menasha-rd. It is at the foot of the new bridge and includes about two and a half city blocks. The park will fit in nicely with the boulevard that is to be laid out between the bridge and the county line.

Another park that still is nameless is the 5-acre tract of land in the Fourth ward purchased by the city some time ago from Fred Felix Wetzel.

## ON THE SCREEN

THE NEW FILM  
AT THE ELITE  
"RACING LUCK"

With Monty Banks  
Monty Banks is now a star. As a star he "has arrived" amid a blaze of thrills and comedy glory. For some years this clever comedian has confined his screen work to short subjects, his biggest comedy being a two-reeler. Why Monty Banks after his great work in "Racing Luck" which came to the Elite today screen for its local premiere hasn't been doing feature films is beyond conjecture.

ture. Banks is entitled to first rank consideration and we dare say we won't be the first to start favorably comparing his work with other film comedians new leading the industry. Banks is a natural comedian and in "Racing Luck" has an uproariously funny vehicle that was written by recognized screen writers, Gene Hovey and Lex Neal.

As "Racing Luck" stands out as a modern day story of love, romance and adventure and is packed from start to finish with laugh-making scenes there is every reason to believe that there will be more fat days for Monty in the longer-reel subject field. We hope as a feature production star he is here to stay.

HELEN GIBSON IN WESTERN  
PICTURE

Helen Gibson, one of the most prominent of the motion picture stars on

the screen, who has become the ideal of the many who love the wholesome outdoor type of photoplay, is again offered in a picture of this calibre at the New Bijou theater Friday and Saturday in the picture "The Thorobred."

That the part she interprets fits the title is evidenced by the abundance of action in the picture in which Miss Gibson takes part. She takes over the duties of her father who is sheriff, but because of a recent illness is still too weak to carry out the duties of his office.

Much strenuous acting and many hazardous situations are given to Miss Gibson in the trailing of bandits through the hills. Miss Gibson is famous for this sort of work as has been evidenced by her past pictures.

In "The Thorobred" in order to reach the hiding place of the bandits it is necessary for her to work her

way from a cliff onto a tree and down this big tree to the entrance of the stronghold. She is also called upon to do some very spectacular riding. It is evident that Miss Gibson is a very capable rider and in the motion picture colony in the west is considered one of the best women riders on the coast.

### "MICKY"

As a character study "Mickey," which will be shown at the Majestic Theatre today is a real work of art. You will never forget this adorable little waif. The story of "Mickey" is vivid with action, much of which is laid in that wonderful twilight zone of comedy where half the laughs are wet with tears.

Mickey is a sweet, wholesome, mischievous little girl, raised by her foster father, an old miner, and her foster

mother, a wiseold Indian squaw, in the mountain country far away from the glamour and chill of the city.

Later she is sent to the city "to make a lady of her" at the home of her aunt, a scheming, jealous hypocrite—and she doesn't find her path exactly strewn with roses. But throughout, the old cheerful, high spirits of little Mickey prevail, and with her sheer happy perseverance she conquers what seems unbearable burdens and difficulties for the little waif. There are wistful and pathetic touches in "Mickey" as well as humor laid in with delicacy and a sure touch.

Miss Normand is always a charming comedienne, but she is at her very best in this part—in this vivid and appealing comedy drama with real living characters.
